### COSTLY INFERNO

This was one of the world's most luxurious homes when the week began. Now it is a heap of smouldering rubble. In this picture the cause of its destruction—the raging inferno at Beverly Hills, Calif.

—hungrily devours property worth \$200,000 in a single crackling gulp. Flames 30 feet high as in this photo, are not an uncommon sight in Beverly Hills, the Mandeville Canyon, and Bel-Air right now. Latest report today indicates southern California's most costly blaze is still roaring relentlessly on.

### 'GRAVEYARD OF MANSIONS'

## Fresh Assault Planned On Filmland Holocaust

LOS ANGELES (AP) — Men, machines and 60 vehicles on the fire today in the twin lines; Bel-Air-Brentwood: 5,750 acres scorched; 150 men, 20 vehicles. No immediate danger to the nearby seashore community of Pacific Palisades, although the two fires are only a half-mile apart at their nearest point.

Firemen controlled flames in exclusive Bel-Air and environs Wednesday night. The fire in nearby Topanga Canyon was near containment today. Authorities reported a favorable wind and humidity.

Official damage estimates: 450 homes destroyed, all but nine in the Bel-Air area; 14,150 acres of invaluable watershed ruined; property damage perhaps in excess of \$20,000,000.

Insurance officials estimated total insured losses may run as high as \$24,000,000.

The situation today: Topanga Canyon, 8,400 acres charred, 250 men and 60 vehicles on the fire; Bel-Air-Brentwood: 5,750 acres scorched; 150 men, 20 vehicles. No immediate danger to the nearby seashore community of Pacific Palisades, although the two fires are only a half-mile apart at their nearest point.

# US ROCKET PLANE HITS 4,070 M.P.H.

## World Record Broken With Split Windshield

EDWARDS AIR BASE, Calif. (AP) — The X-15 rocket plane flashed a record 4,070 miles an hour today in its long-awaited all-out speed dash — and landed safely despite a shattered windshield.

The research craft, its mighty lot of one of the chase planes, open until fuel exhaustion, topped its 4,000 m.p.h. designed maximum speed by 70 m.p.h.

Only U.S. and Russian astronauts in missile — boosted capsules have gone faster than U.S. Air Force Maj. Bob White flew in the X-15 today.

100,000-FOOT HIGH The 37-year-old test pilot set his mark in a level run at 95,000 feet, pulled up to 100,000 feet while manoeuvring to test high speed handling, then experienced a shattered windshield as he glided to earth.

He radioed that the right half of the split windshield was "completely shattered," blocking his view from that side. "Good Lord," his voice crackled, "I hope this one (the left side) holds." It did. He brought the ship in for a smooth 200 m.p.h. landing, aided

## H-War Might 'Catch Us Off Guard'

Opposition Leader Pearson said Wednesday nuclear war might catch Canada off guard with no time to secure nuclear weapons.

George J. Trimble, of Merced, Calif., who said he was dedicated to whisky, women and independence, died Wednesday at the age of 104.

George Belsham, 4, of Prince George suffered gashes to his head Wednesday when attacked by a large German Shepherd dog as he played with a companion in a neighbor's yard. He is in a "satisfactory" condition today.

President Kennedy said Wednesday he will ask for additional funds for defence next year even though he considers the United States second to no other country in military power. George Price, first minister of British Honduras said Wednesday he was considering going to the United States to ask President Kennedy for U.S. aid for this hurricane — devastated colony.

Prof. Albert Geyser, 45-year-old professor of New Testament theology and ancient Christian literature, has been suspended as a church minister pending completion of his secret trial for heresy, it was announced in Pretoria Wednesday.

Trade Minister Hees announced in Ontario Wednesday that a permanent Canadian trade promotion officer will be stationed in Israel early next year.

## Russians In City Nov. 18

Kelowna will have a chance to promote some international goodwill with the arrival here Nov. 18 of six Russian visitors coming to Canada to inspect co-operative industries.

The delegates are official guests of the Canadian Co-operative Union. Their hosts while here will be the B.C. Fruit Growers' Association. The party will visit the Sun Rye plant and Kelowna Growers' Exchange.

## Free Tanganyika Plan Approved

LONDON (Reuters) — The Commons Wednesday night gave a second reading — agreement in principle — to a bill making provision for the independence of Tanganyika Dec. 9, Exchange.

## Queen And Prince Philip Arrive Safely In Accra To Enthusiastic Welcome

ACCRA, Ghana (Reuters) — Elaborate security precautions Queen Elizabeth and her husband were in force in the wake of a series of bomb blasts which had threatened to cancel the visit.

An afternoon sun blazed down on the vivid welcome scene, the most lavish in the history of this Commonwealth nation.

Thousands of gaily garbed Ghanaians burst into tumultuous cheering as the royal visitors stepped from the plane which brought them here on a non-stop flight from London.

White-robed chief fetish priest Nii Wulomei poured gin on the ground as a libation to invoke the blessings on the gods and ancestors as the Queen was greeted by President Kwame Nkrumah.

The royal party then drove the six-mile route to ancient Christiansborg Castle where the Queen will live while she is in this capital.

## JFK Likely To Request Concessions By W. Berlin

LONDON (Reuters) — The Daily Express predicts today that President Kennedy will ask West German Chancellor Konrad Adenauer to make certain concessions in the interests of preserving world peace.

Commentator Chapman Pincher says: "Negotiations with Mr. Khrushchev to settle the Berlin crisis are to be started by the West soon after Chancellor Adenauer's visit to Washington later this month."

"President Kennedy—with full British backing — will tell Dr. Adenauer that he must be prepared to make three concessions in the interests of preserving world peace: "1. He must recognize that the partition of Berlin into East and West sectors separated by a wall is permanent so far as can be foreseen."

"2. He must realize there can be no prospect of any reunification of East and West Germany in the foreseeable future and that political agitation on that theme will be unwelcome."

"3. He must recognize that the post-war frontier between East Germany and Poland is permanent. This means accepting the loss of big pre-war German territories east of these rivers."

## UK, ECM Countries Agree On Basic Working Scheme

BRUSSELS (Reuters) — Britain and the six Common Market countries today agreed on a working program for negotiations on British membership in the continental trade alliance.

The first ministerial conference on Britain's application to join ended after a day and a half of talks that were described as "constructive and encouraging" by a conference spokesman.

Negotiations on British membership got off to a good start Wednesday, according to Australia and Canada, who saw the move as a threat to their traditional preferential treatment in the British market.

(In The Hague, Dutch Economics Minister Jan Willem de Pous told the Dutch lower house today that British membership in the Common Market would involve concessions by the six existing members but Holland would "strongly resist" any attempt to undermine the group's supranational character.)

The other common market members are France, West Germany, Italy, Belgium and Luxembourg.

## Police Seek Missing Man

VANCOUVER (CP) — Police have opened an investigation into the disappearance of Leslie A. Haffner, 31, whose wife expressed fears he may have been murdered by an underworld narcotics syndicate.

## New World Wheat King

TORONTO (CP) — Ralph L. Erdman of Lethbridge, Alta., today became World Wheat King at the Royal Agricultural Winter Fair.

## "All Out" Pledge On Royal York Strike

TORONTO (CP) — Ontario's new minister of labor, William Warrender, says he will "go all out" to settle the protracted strike at the Royal York Hotel here if asked.

PREMIER TSHOMBE ... Accuses UN

## UN-Katanga Tensions Boiling Up

ELISABETHVILLE (AP) — Increasing tension between the UN and Katanga authorities was reported in the Lake Tanganyika port of Albertville today by Belgians arriving from the area.

The Belgians said UN officials were refusing to allow the Katanga army to move about and were preventing civil authorities from carrying out their functions.

President Moise Tshombe made the same charge at a press conference.

Tshombe said the UN idea obviously was to allow a convoy of Congolese national army troops, reported heading south towards Albertville from Bukavu in Kivu province, to take the town without opposition.

Tshombe said there was a report that a battalion of Congolese troops in 20 trucks moving south toward Katanga had been passed by Katanga army units in Congo, near the Kivu frontier.

Tshombe declared: "Does the United Nations want a repetition of the Luluabourg atrocities in Albertville, with women being raped and innocent people killed? This is what will happen if Congo troops get to Albertville."

## Canadian Plan On Food Backed

ROME (CP) — Support for Canada's appeal for a world food bank was expressed Wednesday at the world conference of the Food and Agriculture Organization.

Australia, South Africa and Finland spoke in favor of the Canadian position as outlined Tuesday by Agriculture Minister Alvin Hamilton, who said the Canadian people are unservicably behind the proposition that multilateral action should be taken to provide surplus food to needy people.

Authorities said Moutz was divorced and had been dating Miss Stout for several months.

## Jets, Constitution Back Ecuador's New President

QUITO, Ecuador (AP) — Carlos Julio Arosemena was due to take the oath as Ecuador's new president today, promoted from the vice-presidency by a constitutional right that the air force enforced with a noisy jet raid on Quito.

The show of force Wednesday by three rocket-firing jet fighters led the army-backed provisional president, Supreme Court President Canullo Gallegos Toledo, to drop his claim to the presidency vacated Tuesday by Jose Maria Velasco Ibarra.

That cleared the way for the succession of Arosemena, 42, to be the target, the police was Velasco Ibarra in June, 1960, Congress already had projects, U.S.-made T-33s, Residents claimed him president Tuesday night.

With major resistance broken, Arosemena went ahead with the formation of a middle-of-the-road government. He had been brought to power by anti-government student riots that killed at least 21 persons and injured more than 100 in the last two weeks.

Gallegos, a political centrist, resigned within minutes after the jets fired rockets and belted machine-gun bursts in swarms over the military barracks as tank-supported soldiers held Arosemena a virtual prisoner at the legislative palace.

Though the barracks seemed to be the target, the police was jarred by two blasts from the Congress already had projects, U.S.-made T-33s, Residents claimed him president Tuesday night.

## Large Sask. School Units Against French Minorities

OTTAWA (CP)—A French-Canadian group said today a study of Saskatchewan's large school units shows they are working against the interests of the French-speaking minority in the province.

L'Association des Commissions d'école Catholiques de la Langue Française said in a statement that it has found that the policy of centralization of

schools in Saskatchewan does not take into consideration wishes of French-speaking Roman Catholics.

The group, representing school board members, urged the Saskatchewan government to be fair to its 52,000 French-speaking Canadians.

The association recalled that Roland Pinsonneault of Gravelbourg, Sask., criticized the policy last June. Later, former premier Douglas of Saskatchewan had said Mr. Pinsonneault was the only one to complain and invited interested groups to visit the province and see for themselves how the system worked.

Association President P. A. U. Desrochers took up the invitation and sent three representatives to the province late in September to prepare a report on the policy.

The committee reported that Mr. Pinsonneault's statement in June conformed to fact. The new policy deprived local school commissioners of most of their power.

French-speaking Canadians found themselves swamped in large neutral school units. Directors of these units often had closed small French-language Catholic schools and directed the pupils to large English-language schools.

The committee said Mr. Douglas and Education Minister A. E. Blakeney felt centralization was in general a good policy but they promised to study thoroughly the problems brought to their attention and to consider suggestions of the committee.

The association invited commissioners of French-language schools to continue to study the problems and to report any new ones that arose.

## JFK Move To Cut Tariffs Seems Set For Trouble

WASHINGTON (CP)—President Kennedy plans to open his fight before Congress next January for vast new power to reduce United States tariffs on a reciprocal basis but his chief supporter in Congress says Kennedy will have trouble and that no major decision is likely to be reached in 1962.

Kennedy told a press conference Wednesday he is considering when would be the best time to proceed with trade liberalization proposals and while a final decision would not be reached for another two or three weeks, "if I had to guess, I would say we are ahead now."

The proposals, while not spelled out officially, are known to encompass ideas for a big tariff-cutting program on whole categories of goods—a revolutionary switch from the traditional American pattern of negotiating cuts on individual items.

The aim would be primarily to engage Common Market countries in a cross-the-Atlantic trade expansion move to encourage the Common Market into an outward-looking economic body.

Any concessions worked out between the United States and Europe also would be made available to Canada and other countries. Canada would be encouraged by the United States to enter into major tariff changes.

SEEK DEEP CUTS  
The American proposals might also allow for continuation of some old-style item-by-item bargaining. Canada is reported to prefer the old style on the basis that Canadian exporters seek deep cuts on some specific products rather than narrow cuts on wholesale categories of goods.

But the outcome of any Kennedy proposals will depend on the mood of Congress during a congressional election year and probably on economic conditions facing American industry. Kennedy likely will face a sharp attack from protectionists.

Senator Mike Mansfield, Senate majority leader, predicted in an interview that no major decision is likely to emerge in Congress in 1962. If the government comes forward with big plans, these will require detailed study by various congressional committees "and the political realities must be faced."

It was possible, Mansfield suggested, Congress might decide it best simply to extend the present American Reciprocal Trade Agreements Act which expires next June and in the meantime continue study of any need for change.

OTTAWA (CP)—The government has cancelled a total of \$142,853,500 of its bond debt held in two special government accounts, the finance department announced today.

The move, effective Tuesday, is part of the debt management program announced by Finance Minister Fleming in his June 20 budget aimed at reducing interest rates and improving conditions in the bond market, especially for long-term bonds.

A total \$60,899,000 of the cancelled bonds had been bought on the market by the purchase fund established at the time of the budget. Mr. Fleming said in his budget the fund would have \$100,000,000 to buy bonds, especially middle- and long-term ones, during the following 12 months.

The other \$81,954,500 in bonds were held by the government's securities investment account, and had been purchased during the last three years.

The cancellations clean out the

entire government bond holdings of both funds.

## Canadian Club Told How City Will Look In 1986

What will Kelowna be like then, he stated.

Planning expert Warren Kennedy foresees as many remarkable changes in the next 25 years as there were in the past 25.

With cheap atomic power, cities will be transformed into things of shimmering beauty with articulated lighting setting "moods" for different parts of town.

Automatic freeways where cars can be guided in an electronic beam. Dial your destination.

Cities laid down entirely as "textbook towns", planned by the book and built to exact specifications.

Electronic town planners which will compile data and come up with a perfect city scientifically planned.

The last point will do Mr. Kennedy out of a job as executive director of the Architectural Institute of B.C. and not town planning expert.

Wednesday night he was discussing "Are We Satisfied With Our Community's Design?" with the Kelowna Canadian Club.

**OPPOSED**

Mr. Kennedy is violently opposed to "suburbia" or "Subtopia" as he titled it but recognized the need for compromise between city and country living.

He called today's suburbia "a dog's breakfast" visually.

Where there was to be trees, the land is scraped bare by bulldozers. Where there was to be a distant view, another house and rows of laundry were in the way. He mainly objected to color in subdivisions, saying color painters and decorators knew nothing about it.

"It should be somebody's job to use of billboards at the business to control color de-

proaches to cities.

He called for a return to some form of modern living which would incorporate the pleasures of country living, fresh air, lots of space, room to breathe and the pleasures of the city, places to go, stimulating things to talk about, do and see. He said many people led "flavorless lives in subdivisions" and blamed the over intellectual man versus the man of faith, the first of whom questions everything and the second of whom blindly accepts.

"Perhaps we have forgotten to never had a sense of beauty," he pointed out.

One way some of the beauty to color in subdivisions, said the painters and decorators knew nothing about it.

"It should be somebody's job to use of billboards at the business to control color de-

## Natural Resource Parley To Be Held Here In 1962

A topic of vital interest to the province's future growth-river basin development—has been selected as the theme of the 14th meeting of the B.C. Natural Resources Conference to be held here.

## School Board To Discuss Referendum

Results of a talk with provincial education officials last week in Victoria over proposed school spending in Kelowna will be discussed at tonight's Kelowna and District School Board.

The Board is planning a \$450,000 school referendum to determine building of new schools, buying equipment and providing other facilities for the local school district.

Meeting with assistant supervisor of Education W. H. Graham was F. MacKlin, secretary-treasurer of the local Board, F. J. Orme, district supervisor of schools and J. R. Hume, building chairman.

## JACK PREPARES FOR THE WORST, SO

# It's a Fallout Shelter for O'Reilly

Boy Scouts believe implicitly in their motto—"Be prepared." But they are not alone.

A growing feeling in Canada that nuclear war is probable, and preparation should be made for what appears to be inevitable, has gained recruits from ocean to ocean and even here in Kelowna. One recruit is Mr. Jack O'Reilly.

Mr. O'Reilly compared the present world situation to the problem of a man who came to this country as pioneer immigrants.

## INDIANS PREPARED

On scanty information from Indians that the winter temperatures sometimes fell to below zero, they built so

## L. McMillan Dies At Coast

Lorne McMillan, 51, of 3333 Mayfair St., Vancouver, died suddenly on Nov. 8.

Surviving besides his wife Mary, are three sons, Hugh, John and Joseph; two daughters, Yvonne and Mary Theresa, all at home; two brothers, Donald of Kamloops; five sisters, Mrs. D. (Isabelle) Burdon-Murphy and Mrs. F. (Gertrude) Smith, North Vancouver; Mrs. Nora Standish Vancouver; Mrs. F. (Rita) North, Powell River; Mrs. T. (Beatrice) Hughes, Kelowna.

Deceased was a member of Vancouver Council 1001 Knights of Columbus. Prayers tonight at 7:30 p.m. in the Church of the Immaculate Conception, 28th Ave. Requiem Mass in the church Friday at 10 a.m., Rev. C. P. Hinchey, S.J., celebrant. Interment, Ocean View Burial Park. Simmons and McBride are funeral directors.

He has: (a) written to EMO for information (Emergency Measures Organization, in Victoria), (b) listened to and watched news and test exercises held by Civil Defence, and (c) he has made exploratory studies of his basement with thought to using it for his shelter.

He says it is only a beginning, and mainly has done only inquiring.

"Reading press reports, and hearing radio news makes me think our attitude is negative. Like two hockey players. One says I'm going to tear your eyes out, the other saying he will break the first one's back. It isn't a very good attitude if they want to keep on playing hockey. You can't play hockey with no eyes or a broken back." Mr. O'Reilly is known to the sport world as ex-coach of the Packers. He coached them to the Allan Cup finals.

WAR CHANCES

He says news balances in favor of the chances that a nuclear war will occur.

The turning point came several months ago. Russia's 50-per cent megaton bomb was more weight against peace and confidence, in Mr. O'Reilly's mind.

"I don't think it will be complete obliteration," he de-

houses and stored up food in preparation for the freeze, Mr. O'Reilly points out.

They survived because they didn't scoff at the possibilities, which may have been disastrous.

He has weighed the news for and against the chances of war occurring, he says, and now accepts the fact that there is a distinct possibility that it can happen.

What is he actively doing to prepare?

**REQUIRES INFO**

He has: (a) written to EMO for information (Emergency Measures Organization, in Victoria), (b) listened to and watched news and test exercises held by Civil Defence, and (c) he has made exploratory studies of his basement with thought to using it for his shelter.

clares.

**HAVE CHANCE**

Metropolitan New York and metropolitan Moscow will get it, he feels, but people in fringe urban areas and in places like the Okanagan have a chance—if they will build a fallout shelter.

Mr. O'Reilly, who lives in East Kelowna area, says a few of his neighbors are talking about shelters, too.

People who take the attitude that "it can't happen to me," are just asking for it, Mr. O'Reilly believes.

A father of five children, he feels the shelter will at least give him a chance to protect them. After food and water in the shelter runs out, he believes he will be able to bring them out and with other survivors begin rebuilding their lives.

Mr. O'Reilly, who lives in East Kelowna area, says a few of his neighbors are talking about shelters, too.

## DEDICATION CEREMONY SUNDAY

Corner Stone of the new First Baptist Church (above) in Kelowna will be unveiled Sunday in a brief ceremony.

Miss Jeanette Reekie, daughter of J. E. Reekie, one of the local pioneers instrumental in inaugurating Bap-

tist work here in 1905. Will perform the unveiling. The stone was donated by Mrs. C. Day.

## City Doctors Speak On Mental Health Situation

Considerable advances in the diagnosis and treatment of mental illness have been made during the past 50 years.

Nevertheless, mental illnesses of widely varying degrees form one of our most serious health problems.

Much research and far better treatment facilities are absolutely necessary if this problem is to be overcome.

These were the major conclusions of a panel of doctors, led by Moderator Dr. E. M. Stevenson, who spoke before 175 people at Raymer Avenue School on Tuesday night.

The informative public meeting was sponsored by the Kelowna Mental Health Association.

Dr. Bruce Moir, speaking on mental retardation, emphasized that prevention is the only cure for this condition. Whereas we once lumped all forms of mental retardation together, research has revealed types which have specific, identifiable causes.

Each case must be treated individually. Early, careful diagnosis can prevent some types of mental retardation. Parents should make themselves aware of these types, said Dr. Moir.

**HIGH PRAISE**

Dr. Moir had high praise for the dedicated people who have established and operate the Sunnyvale School in Kelowna.

"There is no point adding years to life if we don't add life to years," said Dr. R. D. Ellis in his analysis of the problems of old age. Because the percentage of older people in our population is increasing, senility is one of our most serious sociological problems.

Dr. Ellis distinguished between the period of senescence, "the normal, healthy period beyond 70 years of age," and senility, which is mental deterioration which may occur in old age.

Senility may be of varying degree of seriousness and requires individual diagnosis and treatment.

Dr. Ellis felt most strongly that our society has neglected the older person's problems. Much research and far more awareness of these problems is necessary, he added.

**DR. HOLMES**

Dr. Brian Holmes gave a lucid explanation of the distinctions between neuroses and psychoses. He stated that many physical illnesses have their basis in neuroses.

In describing the symptoms of the major types of psychoses he stressed that the basic causes are not known, that research is needed to discover what may be bio-chemical causes.

The most important factor in treating psychoses, he stated, early treatment.

## A. J. Perron Funeral Held

Funeral service was held today from the Church of the Immaculate Conception following the death this week of Alcide Joseph Perron, 78, of Birch Ave., who died in hospital.

Very Rev. R. D. Anderson, celebrant with Rev. E. Martin, deacon and Rev. J. Smith, subdeacon celebrated a solemn requiem mass followed by interment at Okanagan Mission cemetery.

Pallbearers included A. Gagnon, A. Casorso, W. Hagel, J. Miller, L. Douillard and W. Appel.

Prayers and rosaries were recited in the Chapel of Remembrance Wednesday evening.

Born in St. Jean de L'Acadie, Quebec, Mr. Perron came west with his family to farm in St. Norbert, Manitoba, later moving further west to Montmartre, Sask. and finally to Cluny, Alta., where he was married in 1912 and farmed before coming to Kelowna in 1924. Employed for several years in the orchards, he finally retired in 1952.

A former member of the Holy Name Society he is survived by his wife, Elaine, and six children. They include one son, Louis in Kelowna and five daughters, Leona and Gertrude living at home, Sister Mary Bernard in Vancouver, Mrs. William (Theresa) Moonen in Kelowna, and Mrs. D. (Yvonne) Cummings in Edmonton. There are also 11 grandchildren, one sister Mrs. A. Fournier in Regina, and two brothers, Elphege and Philippe in St. Boniface, Man.

Day's Funeral Service Ltd. were in charge of the arrangements.

When he returned from overseas in 1918, he went to Freeport, Sask. and entered the service of the provincial government in 1920.

With the advent of the Second World War, he relinquished his government position and joined the RCAF serving as squadron leader.

Returning to Regina at the end of the war, he held the position of Deputy Provincial Secretary and Superintendent of Insurance with the Saskatchewan government until retiring here with his wife.

## Apple Demand Too Late Here

Britain's market opening for a larger than usual output of Canadian apple exporting was decided too late to be of much benefit here, according to B.C. Tree Fruits today.

A reduced apple crop in the old country this year has opened the way for exporting of Grade C apples, for the first time since 1958. Previously these had been held under the 10 per cent quota to ensure only top quality sales by Canada to Britain.

B.C. Tree Fruits said to export apples by sea would be too late to hit the Christmas demand market while the overland route via Montreal would barely be in time.

Shipments will be increased by roughly 20,000 boxes but there will be a minimum of the Grade C apples shipped from the Okanagan.

**GOVT. DREDGING**

A \$15,000 dredging job, currently being carried out at the Kelowna Yacht Club basin, is being done by the Federal Government and not the provincial government as stated yesterday. City of Kelowna pays \$5,000 as its share of the work.

The \$5,000 covers the cost of hauling the debris away from the operation.

**ROAD REPORT**

Valley roads in good condition with the exception of the Ellison Pass area where wet snow and freezing higher up makes sanding a must.

**Sanding At Ellison Pass**

Mainroads throughout the Valley are in good condition with the exception of the Ellison Pass area where wet snow and freezing higher up makes sanding a must.

**VERNON: Good.**

Kamloops: Bare roads.

**Revelstoke: Fair to good.**

**Ellison Pass: Wet snow with rain. Some slippery sections. Sanding.**

**Princeton - Merritt: Fair to good.**

**Penticton: Good road conditions.**

**Kelowna: Good road conditions.**

## ANNOUNCES DEADLINES

# Local Postmaster Asks Early Christmas Mailing

It's that time again.

When harassed postmasters right across the country plead, beg, request, ask and pray that Britain Dec. 13; airmail parcels will mail early and avoid disappointments at the gift and Christmas card receiving end.

Letter-mailing labels along Nov. 24, and Nov. 6 for parcel post, for airmail letters to Europe Dec. 10 and for airmail parcels, Dec. 8.

**MAIL OVERSEAS**

National Defence Headquarters recently announced its deadline dates for sending Christmas mail and goodies to the men overseas.

First class mail addressed to here and are familiar to every householder.

For residents who wish to mail letters from B.C. to sent through by Dec. 16 if going to Britain and Dec. 12 if for Europe.

Ordinary parcel post and newspapers destined for England must be sent by Nov. 24 while Nov. 10 is the final date for Europe.

To get letters, parcels and newspapers to the troops in the Congo and Middle East, they must reach Montreal by Dec. 7. For airmail letters to those spots Dec. 12 is the deadline.

Airmail letters and air parcels to Indo-China via Box 220, Saigon, must be posted before Nov. 30. A special airmail service has been arranged to send one parcel to each member of the Canadian delegation in Indo-China.

**ADDRESS CAREFULLY**

All mail should be carefully addressed and properly stamped and in the case of parcels, a customs form must be completed and attached.

**AUDITORIUM FUND NOW STANDS AT \$35,000 CHAIRMAN STATES**

Kelowna Civic Auditorium stood at \$35,000 at press time today.

Committee Chairman Dave Chapman told the Daily Courier that \$5,000 is still needed in order to go ahead with construction of the building.

He said donations are being accepted in the form of cash or pledge and persons interested in helping are asked to write or call auditorium headquarters at the local radio station.

In the total \$90,000 to construct the building, \$25,000 will be put up by the city, while the Federal and provincial governments will supply a total \$24,000 for labor costs.

## J. A. YOUNG FUNERAL SET

Former Sask. MLA Dies In Hospital Here

A former Saskatchewan MLA who retired in Kelowna nine years ago, died this week in Kelowna General Hospital at the age of 66.

John Allan Young of Westbank was a member of the Saskatchewan government representing his constituency of Biggar, Rosetown for a number of years.

Funeral service will be held at 2 p.m. Friday from Day's Chapel of Remembrance, Rev. A. Warren of Westbank officiating. Interment will be in the Kelowna cemetery.

Born in Govan, Scotland, he was the son of the late William and ex-provost Margaret Young of Gourock, Scotland. He came to Canada in 1911, going overseas with the 232nd Saskatchewan Battalion in the First World War.

**ENTERED GOVT.**

When he returned from overseas in 1918, he went to Freeport, Sask. and entered the service of the provincial government in 1920.

With the advent of the Second World War, he relinquished his government position and joined the RCAF serving as squadron leader.

Returning to Regina at the end of the war, he held the position of Deputy Provincial Secretary and Superintendent of Insurance with the Saskatchewan government until retiring here with his wife.

Surviving him are his wife, Layton, Robert Bluet, Ernie Lower and Bertram Chichester.

Honorary pallbearers are Harry Brown, Arthur J. Smith, James Cryderman, Jack Blackey, Harry Essen, Col. Gordon Y. Crossley and Wilfred Brown.

Day's Funeral Service Ltd., is in charge of arrangements.

Pallbearers include Phillip Howes, Pat Garrad, Douglas

**NEW POSITION**

Former Kelownian, Marv Johnson, is now working in Cranbrook, with the Cranbrook Chamber of Commerce.

Marv worked in Kelowna for several years with a local stationery store and later as an insurance representative. In taking up the post of advertising and job printing manager with the Cranbrook Courier, Marv returns to an old love. He was with the Kamloops Daily Sentinel for seven years.

**SILVERS SCORES THREE**

**WILLIAMS LAKE (CP)**—Led by the three-goal performance of Jim Silvers, Vanderhoof scored a 4-1 victory over Williams Lake in a Cariboo Intermediate Hockey League game here Saturday night. Don Finney, Ken Clay and Al Peterson added the others for the victors. Tommy White had two for Williams Lake and Al Lloyd and Brian Fount scored singles.

**MILITARY CONSTRUCTION**

**NANAIMO (CP)**—Military construction in the Nanaimo area has pushed the building value up to a record \$4,237,000. Of the total, almost \$2,000,000 is accounted for by work at the Nanaimo Army Camp. The figure covers the period from Jan. 1 to Oct. 18.

**OTHER JAYCEES NEWS**

Okanagan district president Emil Melster of Vernon intimated Frank Beagle, a former North Surrey Jaycee president, as civic affairs director for Kelowna, succeeding B. E. Schmidt who resigned for business reasons.

**GOVT. DREDGING**

A \$15,000 dredging job, currently being carried out at the Kelowna Yacht Club basin, is being done by the Federal Government and not the provincial government as stated yesterday. City of Kelowna pays \$5,000 as its share of the work.

The \$5,000 covers the cost of hauling the debris away from the operation.

**ROAD REPORT**

Valley roads in good condition with the exception of the Ellison Pass area where wet snow and freezing higher up makes sanding a must.

**Sanding At Ellison Pass**

Mainroads throughout the Valley are in good condition with the exception of the Ellison Pass area where wet snow and freezing higher up makes sanding a must.

**VERNON: Good.**

Kamloops: Bare roads.

**Revelstoke: Fair to good.**

**Ellison Pass: Wet snow with rain. Some slippery sections. Sanding.**

## ON STAGE

WITH Spec Tator

Bob Rinaud and this writer sat figuring out how many rehearsal and production hours went into a performance like Picnic, along with line learning.

Bob, the male lead in Picnic, believes it would take something like twice as many hours doing Picnic as a person's normal job requires. Or somewhere just under a 100 hours a week.

Obviously, then, the people who are sincere in wanting to act must accept the premise that serious work is involved.

But they can be comforted that the quality of their performance will in part be commensurate or in proportion to how hard they work at it. Isn't that the way with anything? With life, even.

**TALENT ALONE**

An article in Equity, the magazine for actors who belong to Actor's Equity, their union, recently stated that American actors seem to feel they can rise to success on pure talent alone, and don't have to worry about the hard work involved in getting the basic instruction or fundamentals down pat.

Major theatrical schools keep students away from the big kiegls for at least two years.

In that period they produce scenes, which get polished from constant rehearsal for long periods "building toward something." The something being, of course, the crossroad of production where meet talent and technique.

**HURT THEATRE**

The article, by a Greek visitor to United States, is a quotable authority, basically said prime donna types who are really amateurs because they haven't gone beyond talent are hurting professional theatre.

The students of national theatre schools also learn the fundamentals which give them the something beyond inspiration. Their hours are long and difficult.

The Greek visitor called acting the toughest profession. A writer might disagree. Many others probably would.

**Westbank Folk Drive To Calgary**

Gerald Ingram, accompanied by his mother, Mrs. J. Ingram, have motored to Calgary, where they will be the guests of Gerald's sister and Mrs. Ingram's daughter and family, Mr. and Mrs. Doug Harding.

Mrs. M. Fenton has returned from Courtney, where she spent three weeks as guest of her son and family, Mr. and Mrs. George Fenton.

Mrs. J. Basham Sr., had the misfortune to fall and fracture her pelvis and is a patient in Kelowna General Hospital. We wish her a speedy recovery.

The first executive meeting of the season of Westbank Chamber of Commerce will be held on Nov. 9.

Peter Basham, a former George Pringle high school student and graduate of University of B.C. in Geophysics, has been sent to the far North, and will be stationed about 700 miles from the North Pole for about one year.

**FAM SETS RECORD**

**VANCOUVER (CP)**—Pam Wilson of Vancouver Saturday set Canadian senior records for the women's 100-metre and 200-metre breaststroke events at the fifth annual Dolphin swim meet here. Miss Wilson set a time of 1:21.6 in the 100-metre event, beating a mark of 1:23.0 set last year by Judy McHale of Vancouver. In the 200-metre event she set a mark of 2:58.5 to beat the 2:58.0 record set by Bonnie Benson of Toronto earlier this year.

**POLIO YEAR**

Since 1942, the worst year for polio in Canada was 1953, when there were 481 fatalities among 8,878 cases.

## Dr. E. Forsey Leaves The Democratic Party

At its convention last August the New Democratic Party puzzled many people by its decision to delete the word "national" from its constitution. The move seemed to stem from the rather ridiculous notion that the people of Quebec cannot regard Canada as a nation of common origin; that it is really a French nation and an English nation within a "state".

The move, of course, was an obvious political ploy to seduce French Canadian votes and, with them, the sixty-five seats in the House of Commons from Quebec. The move was obvious and somewhat nauseating, yet most of the delegates concerned swallowed either their good sense or their pride and approved the decision.

Most of them, that is. One of the most eminent of them did not. Dr. Eugene Forsey, now research director of the Canadian Labor Council, and a member of the Board of Broadcast Governors, has for some twenty years been one of the outstanding Canadian thinkers in the left-wing school.

He has severed his connection with the new political party. He cannot accept the constitution with the word "national" deleted. It must have been a painful decision for a man who has given much to a movement in whose basic principles he obviously be-

lieves sincerely.

We agree with him, and sympathize with him, in the statement he made explaining his inability to take out membership in the New Democratic Party. A portion of it goes as follows:

"I cannot accept a party constitution which implicitly denies the existence of the Canadian nation. The New Democratic Party convention decision, in my view, simply made me ineligible for membership. I am sorry to be in this position, but it is not of my own choosing."

And thinking Canadians, of French or English origin, will be sorry that a political party which may have some influence in the future, if the career of the old CCF is a valid guidepost, forsakes our very nationhood.

It would be bad enough if this silly decision had emanated solely from the Quebec delegates at the convention. It didn't. It was eagerly espoused by vote-happy delegates of all backgrounds who were seeking a magic formula for success.

The people of Quebec are not such dummies as the delegates seemed to think. Despite some secessionist talk which represents only the barest minority of provincial thought, it is clearly understood throughout Canada that this is one nation, and one nation only.

COLD WAR NERVES

## It's Very Hard Work To Kill Time During Office Hours

NEW YORK (AP)—The average office worker knows at least 101 different ways of killing time on the job.

Experts, of course, know a lot more.

Here are some types of window stargers you may be familiar with in your own firm:

COSTS UP

Canada's cost-of-living index rose to 125.2 on Oct. 1 from 120.1 earlier. The rise was due to scattered price increases in food, housing, clothing, doctor and dentist bills. Upper graph traces living costs, based on 1949 prices equalling 100, from the start of 1959 and to date this year. Lower graph shows the index of average industrial wages and salaries. This index is based on 1949 wages equalling 100.

### INSIDE YOU AND YOURS

## Many Cures Asthma Has

By BURTON H. FERN, M.D.

1. Only allergy shots can cure strawberry-caused asthma. T—F—
2. Hot air heaters prevent and cause asthma. T—F—
3. Antihistamine medicines cure asthma. T—F—
4. Water is an important asthma remedy. T—F—
5. Cortisone is the perfect asthma cure. T—F—
6. False. Asthma erupts when allergy strikes your air passages. Here, allergic chemicals unleash violent histamine. Bronchial tubes tighten, lining swells and passages fill with gobs of mucus.
7. Allergy shots whip up special antibodies that keep allergic chemicals from penetrating into air passages. If you give up allergy-causing foods—say, strawberries—you won't need allergy shots.
8. True. Both cold air and irritating dust can trigger asthma. Heaters warm the air but fan dust around the room.

9. For house dust allergy—(1) Remove drapes, rugs, chenille spreads and stuffed furniture from the bedroom. (2) Cover feather pillows and stuffed covers—check the box springs for stuffing, too. (3) Wipe away dangerous dust with daily damp-mopping. (4) Ask your doctor about allergy shots for dust, pollen, molds and danders.
10. False. Antihistamine medicines can stave off an asthma attack, but once asthma starts, antihistamines dry mucus, clogging air passages. Even choking spasms can't raise the dry mucus.
11. True. Every breath blows off a little moisture. When asthma makes you pant, pour water into the air like a human vaporizer. Bronchial mucus dries and thickens.

### REPLACING FLUID

12. Water, juice, pop and soups all help replace this lost fluid. In hale extra moisture, too. That vaporizer not only moistens mucus, but prevents you from drying out.
13. False. Simple prescriptions can usually relieve bronchial spasm, shrink swollen lining, moisten mucus and relieve asthma. When colds and sore throats trigger wintry asthma, antibiotic germ-killers help, too. Doctors reserve cortisone and its powerful relatives—for severe asthma that can't be brought under control. It's the four-alarm cure!

### BIBLE BRIEFS

With great pains I have provided for the house of the Lord a hundred talents of gold, a million talents of silver, and iron beyond weighing. To these you must add. — I Chronicles 22:14

It is by blood, sweat and tears that our nation has become great. Religious and cultural institutions were born of hardships. We must add to the sacrifices others have made.

## Sunlighting

The labor department of the United States government in a survey has found that more of the persons who hold more than one job do their extra work in daylight hours than at night. This suggests that the term "moonlighting" ought to be changed to "sunlighting".

There is not much prospect for such a change in names, of course. "Moonlighting" is a well-established term, more easily understood than "sunlighting". Moreover the practice of moonlighting is a handy target for those who do not want outsiders competing in their own labor markets.

The findings of the labor department's survey are illuminating—and no pun is intended. Three million Americans—one in twenty workers—held more than one job last December, when the study was made. Forty-two per cent of these worked mostly at their extra jobs in weekday daylight hours, as against 34 per cent

at night. The others had extra weekend jobs. Only 180,000 worked full time on two jobs. About 850,000 operated their own farms or businesses in their spare time. The typical two-job worker put in 50 hours a week, 11 of which were on the extra job.

The hours worked on the second jobs are usually very short, and a great many of these jobs (for example those in farming and the professions) would be unsuited to the unemployed or of little interest to them.

The person who finds extra work and income to meet his obligations or to maintain or improve his standard of living deserves commendation rather than condemnation, so long as his extra work does not cheat his primary employer of his best efforts. He is following the North American tradition of sturdy self-reliance. There are too many obstructions to that already.

## In Passing

"The modern youth doesn't have enough confidence in his abilities," says a sociologist. This may be true, but a marked exception is that he has the belief, which he tries to prove to himself, that he is able to drive a car faster than it will run.

"Thinking man was living as long ago as 1,000,000 B.C.," says an anthropologist. A lucky man he was, too, as he didn't know much to think about.

The law of inverse ratio applies in the case of an editor writing a paean of praise to Indian Summer. The farther he is removed from nature, the more poetic he waxes.

Don't help your children with their school work. It would be terribly disillusioning to them to learn how little you learned when you were in school.

In this nuclear age, man is faced with choosing between abolishing war or allowing war to abolish him.

"The coming winter will be a hard one," says a weather prophet. Why is it that no one ever predicts a soft winter?

"College girls talk an average of only 8.7 minutes a day over the telephone," says a newspaper filler. He was a careless proof reader who overlooked that erroneous decimal point.

"It's deplorable that so many people try to get something for nothing," says a sociologist. Yes—and it's downright lamentable that so many of them succeed in doing so.

"We know there are many more elements in the atom than have been definitely identified," says a nuclear scientist. It would seem that the atom is a sort of cosmic hash.

## OTTAWA REPORT

## NATO Teams For Peace

By PATRICK NICHOLSON

LONDON, England: An eagerness to examine far-reaching new measures to bolster Western strength has been evident at the NATO Citizens Convention just concluded here.

Meeting under the shadow of the British crisis and the Russian nuclear tests, the 28 delegates from the 15 NATO countries were impelled by a greater sense of urgency than has been evident at any previous post-war international conference. And it was not irrelevant that this meeting has been held in London, a community of 13 million men, women and children, which presents the greatest and least defensible nuclear target in the world.

The NATO Citizens Convention had its roots 13 years ago, when Canada successfully urged that the North Atlantic Treaty should include a clause obliging its signatories to base their military alliance on the strong economic and psychological foundation of co-operation in the non-military fields. The far-sightedness of that Canadian proposal is now startlingly endorsed by its partial adoption by the chief European allies.

In the absence of North American cooperation, for now that Canadian suggestion is triumphantly implemented in part—and somewhat to our own discomfort—in the so-called European Common Market. But a growing body of public opinion in all the NATO countries today believes that more should be done; that the common market should be expanded to include the nations surrounding the basin of the North Atlantic Ocean; and that similar co-operation should be adopted in other fields.

### TEAMWORK FOR PEACE

Among these suggested at the Convention were to convert NATO into a genuine Atlantic community; to expand economic welfare within that community; to consider possible political co-ordination, including control over a nuclear deterrent; to pool aid and information to under-developed countries; to co-ordinate monetary policy; to retain and settle the under-employed.

So urgent did the Convention consider these topics to be that the meeting, which was only preparatory by agenda, arranged that the plenary meeting of the NATO Citizens Convention should be opened at the earliest possible date, selecting 8th January next with Paris, France as the venue.

There will be 98 delegates from the 15 NATO countries, reflecting the various populations. Thus there will be 20 from U.S.A.; 10 from each of the European big powers—Britain, France, West Germany and Italy; seven from Canada; and so on down to two from tiny Luxembourg. They will be private citizens, speaking for themselves and unofficially for their fellows, but not with any mandate from their governments. Many countries have already named their delegates, and these are shaping up as an unmatched gathering of experience and talent by no means limited to politics and statecraft.

### FOUNDING CONVENTION

The importance accorded to this Convention by the various governments was evident in the national representation at the preparatory meeting; this included business executives, university leaders, an ex-prime minister and other top politicians, heads of state agencies and private foundations, and organizers of several national committees for Atlantic Unity. The latter included one from Britain and myself from Canada who both also happen to be contributors to the free-world-wide Thomson Newspaper group.

What may be expected from the January convention? It will be a serious pooling and combining of ideas, and an examination whether and how we can build a true Atlantic Community to ensure peace through strength. It will be a sketching of a brave new world for us hope not too late—realize that we are all in the same boat; disorganized peoples who believe in democracy facing an organized threat to our civilization. Having no executive authority, the convention will process its ideas, including perhaps some very novel ones, into a report to be submitted to the governments with an urgent request for study—and action where considered practicable.

## UK Orders 34 Ships Overseas

LONDON (CP)—Britain has placed orders for 34 ships valued at \$23,000,000 (\$88,700,000) abroad in the 24-year period ending last July.

The orders came as no surprise to British shipbuilders, but it certainly was a stab at the pride of the country that 50 years ago was building close to two-thirds of the world's shipping.

A government report Wednesday said the main reasons for British orders being placed abroad was price and a combination of price and delivery date.

Of the 34 orders, 13 went to The Netherlands and the others to West Germany, France, Sweden, Spain and Norway.

British prices ranged from four to five per cent higher than the accepted price in all but two cases, the report said, and in these there was no significant difference. There was no order in which a British shipyard quoted a lower price.

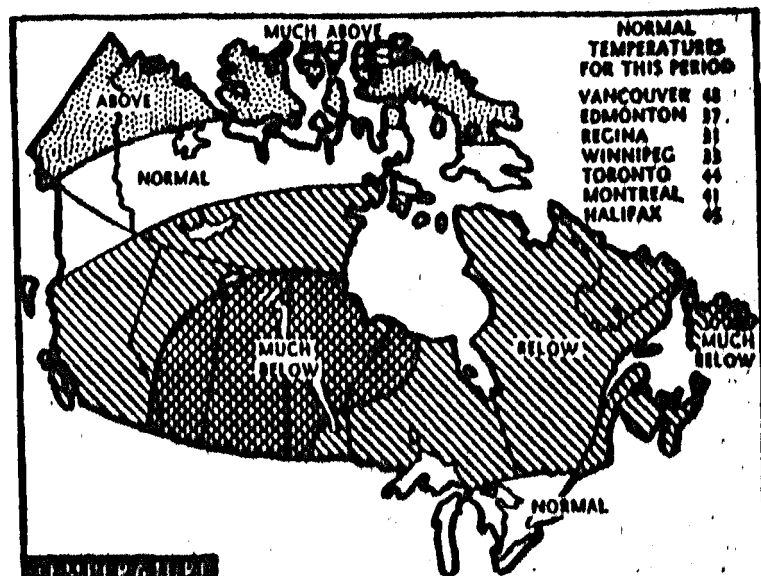

Of the deliveries, five went abroad because of a better price, 15 because of more favorable price and delivery date, six because of attractive price and credit facilities and two because of guaranteed delivery date. One order was lost to the home market because a British builder refused to install a foreign-built engine.

### LETTER TO EDITOR

THANKS

Dear Sir: We of the Kelowna and District Garden Club, wish to thank you for your excellent coverage in your paper before and after our convention. We appreciate it and we are sure it helped to make the convention the success it was.

Thanking you  
Yours sincerely  
The Kelowna and District  
Garden Club.  
M. Parmenter  
Secretary

### WINTER AHEAD

Below-normal temperatures are predicted for much of Canada in the 30-day outlook of the United States weather bureau for November. The outlook is based on long-range predictions and is not a specific forecast. A change in weather pattern may produce major errors. Heavy precipitation is given in inches of rain. One inch of rain equals 10 inches of snow.

A change in weather pattern may produce major errors. Heavy precipitation is given in inches of rain. One inch of rain equals 10 inches of snow.

## First United Church Scene Of Pretty Autumn Wedding

The First United Church of Kelowna was the setting for a lovely autumn wedding on Saturday, Oct. 28 at 2 p.m., when Judith Ann, only daughter of Mr. and Mrs. Lorrin Gauley, became the bride of Andre Frank Deleurne, son of Mr. and Mrs. Peter Deleurne of Kelowna.

The Reverend D. M. Perley officiated at the double-ring ceremony, and the soloist, Miss Dorothy Jackson sang "I Walk Beside You," accompanied by Dr. Ivan Beadle at the organ.

The bride, who was given in marriage by her father, was radiant in a floor-length gown of Chantilly lace over taffeta with wide insets of lace circling the skirt from either side of the flat front and back panels. Her fitted lace bodice featured a high scalloped neckline and long lily-point sleeves, and her waist-length veil was edged with lace and held in place by a rhinestone tiara. She carried a cascade bouquet of red roses and lilies of the valley.

Miss Marilyn Moen of Kelowna was maid of honor and she wore a short dress of pale blue nylon chiffon with a matching cummerbund trimmed with sequins and a small white feathered hat. Her bouquet consisted of pale blue and pink ribbon roses. The pretty small flower girl, niece of the groom, wore a dress of pink with a full skirt and short puffed sleeves, and she carried a basket of pink and blue ribbon roses.

The groom's brother, Mr. Lionel Deleurne acted as best man, and the ushers were another brother of the groom Mr. Marcel Deleurne, and the groom's brother-in-law Mr. Lawrence Bouvette.

Following the ceremony sixty guests were seated at the Elks' Hall for a buffet dinner. The mother of the bride received the guests in a dress of pink and white with a small white feathered hat. The bride's bridesmaids, and were assisted by the mother of the groom who chose a smart chocolate brown crepe outfit and a white corsage.

The bride's table was centered with a lovely three tiered wedding cake flanked with tall candles in gold candle holders.

MR. AND MRS. ANDRE FRANK DELEURNE

Mr. Romeo Sibilleau of Vernon, who was master of ceremony, proposed the toast to the bride which was ably answered by the groom. Mr. Lionel Deleurne proposed the lay of Vancouver, Mr. and Mrs. R. Sibilleau of Vernon, telegrams of congratulations Mr. and Mrs. A. Sibilleau of Vernon received from the bride's Sicamous, Mr. and Mrs. L. brother, Mr. Lorne Gauley and Sibilleau of Vernon and Mr. family in the Yukon and from Mrs. A. Guigueno of Vancouver. The bride's uncle Mr. Eldon Gauley and family in Saskatchewan, Mr. and Mrs. Deleurne will reside in Rutland.

## Olney Exhibits At Kelowna Art Show

By SAKULIKA

The opening of the new board room of the Okanagan Regional Library was a great success. Everyone appreciated the thought and planning that had brought about this move, we all missed the presence of the chief planner, Mrs. Muriel Foulkes, who was unable at the last minute to be present. Those who will be hanging pictures in future exhibitions will appreciate the color and texture of the upper part of the walls.

All present were delighted to have the opportunity of meeting Tony Olney, who had been chosen to be the first artist to exhibit his work in this beautiful new room. Mr. Olney had left important work at the coast, and driven up from there in very bad weather to be present in person at his exhibition. Everyone regretted that he did not give an address which would have helped us to understand and appreciate the pictures he had brought with him.

However, we all had a chance to talk to him, and found him a very interesting and charming personality. He is considered one of the coming artists in his own line. His work has a beautiful texture and his coloring is very fine. One feels that one is looking at his work to quote Shakespeare, one may stand up and say "This is a picture." The two pictures painted on bits of paper, known as Collages.

### A COVERING

Regarding modern art in general, leaving out any personal reference to particular artists, the farthest most people can get is to regard most abstract

as decorative wall covering, an effect that can be brought about by a curtain of bold color and modern design. I find, it impossible to understand how an abstract idea or thought can be produced, in solid medium, such as paint and paper, in such a way that the public can accept and understand it. Music, drama, the dance, can produce the abstract, because they are a medium through which the abstract can reach us, in sound, feeling, etc. But to look at a canvas which may mean everything to the artist, leaves one with a feeling of frustration (or with a desire to laugh) because as the artists idea, it is his alone, and we cannot take it into ourselves and experience or enjoy it.

Some people said "These pictures are beyond me." My personal feeling was "They are behind me" by millions of years. I believe the work of a child, panzee was shown in a modern Art exhibition. The thought takes us back to the period of primitive man, to the cradle period of the human race, as we know it.

4000 years B.C. ancient Egypt gave us great art. Greece and Rome followed. China, Japan, India. Europe in the middle ages, and many great artists have been inspired to give to their fellow men something that can be felt by them, and can be echoed within themselves, by which they have uplifted; through which they have caught a sense of a life above and beyond the material life of the world of every day. Many of these artists lived in times as turbulent as our own, but their art was something above temporary happening, and so it has lived on.

## MIX OR MATCH IN WRINKLE-RESISTANT FABRICS

Tailoring for work or play distinguishes these Canadian Slim suits made in Wrinkle-

resistant wool of plaids, flannels and bedford cords. Slims, skirts or jackets are available

In the same colors for an ensemble or as separates.

## Lakeview Heights Set For Bazaar

Members of the CWL have remain for a while yet.

been busily preparing for their fall bazaar to be held in Our Lady of Lourdes Church hall Thursday from 2:30-5:00.

They extend an invitation to come and enjoy afternoon tea, meet your friends and at the same time solve some of those Christmas gift problems, at the fancy work and apron booths. Home baking and candy stalls are planned as well as a fish pond for the children. So make a date for the afternoon, Thursday, Nov. 16.

Mrs. O. Sandberg of Kelowna is staying with her son and daughter-in-law, Mr. and Mrs. Roy Sandberg while her husband is in Kelowna General Hospital. He was injured in an accident near Bear Lake last week.

Eric Brown has been in the Kelowna hospital for the last two weeks and is expected to

Westbank Community Hall beginning at 8 o'clock. Chuck Inglis is master of ceremonies. Buffet supper will be served.

The bald eagle was adopted as a national emblem of the United States in 1782.

Look Your Best for the GALA SEASON

Open Daily 9 a.m. to 9 p.m.

You will be in the spotlight every time with a flattering hair style by Jinny or Mary Anne. Phone today!

**BAY AVE. BEAUTY SALON**  
512 Bay Ave. PO 2-2225

## Church WA Hold Meeting

Final arrangements for the Fall bazaar were made at the regular meeting of St. Margaret's WA held at the home of Mrs. Fred Topham Jr., on Nov. 3.

The bazaar will be opened by the Rector, the Rev. N. Tannar, at 2:30 p.m.

Fancy work, aprons and other useful articles, suitable for Christmas presents, will be offered for sale. There will also be novelties, surprise packages, home baking, candy, and a fish pond for the youngsters. Afternoon tea will be served.

Mrs. A. Kopp was appointed as delegate to represent the Branch at the Archdeaconry meeting being held in Vernon on Nov. 8.

Letters were read from three Diocesan officers; the treasurer, Mrs. A. Sladen, regarding annual pledges, which were dealt with; Dorcas and social service secretary, Mrs. E. Atwood, and the Living Message secretary-treasurer, reviewing changes made in the department this year.

Arrangements were made for a wreath to be placed at the Cenotaph on Nov. 11. The annual meeting will be held at the home of Mrs. A. Kopp on Nov. 24 at 2:30 p.m.

### FOR MONTREAL

Mrs. A. Oltmanns is leaving on Nov. 12 for Vancouver on the first leg of a journey from Montreal to Amsterdam, flying KML. From Amsterdam she will travel by train to Wieringen to visit her parents, Mr. and Mrs. H. Martens, who are to celebrate their 45th wedding anniversary on Nov. 29. Mrs. Oltmanns will return via the Polar route on Nov. 29.

Mr. and Mrs. R. A. Brown have returned from the coast following a three week holiday visiting relatives at various places. Their son and daughter-in-law, Mr. and Mrs. Arnold Brown, New Westminster, and daughter, Mrs. Helen Christian,

son, Burnaby; Mr. and Mrs. Lloyd Brown of Nanaimo; two daughters in Seattle, Mrs. Louise Richardson and Mrs. Russell Shier.

W. E. Follett and son Bill Jr., of Vancouver, have been in the district hunting, while staying with the former's mother, Mrs. A. West. They left for home on Sunday, without a deer.

A group of friends gathered at the home of Mrs. J. Davies on Thursday afternoon to wish Mrs. A. Oltmanns "Bon Voyage" for her forthcoming journey, by air, to her former home in Holland.

The guest of honor was also showered with lovely gifts for travelling.

An enjoyable afternoon concluded with the hostess serving refreshments. A special cake, for the occasion, was made by Mrs. Dee Fleming.

C. T. Redstone, A. E. Miller and A. R. Miller have returned from Elk River, in the Kootenays after a successful hunting trip, each shot an elk.

Verne Oakes has returned to his home from the Kelowna hospital where he was a patient for four weeks.

Mrs. Kuhn and the baby remained in the capital until the roads were repaired, but even so they were forced to ford rivers and follow every river bed in order to arrive at the Mission.

It would appear that as well as the good work that Mr. and Mrs. Kuhn are sure to accomplish at the Adventist Mission they are about to live through some thrilling adventures as well.

Visiting Mr. and Mrs. H. E. Smith for the past week have been Mr. Smith's two sisters Mrs. Frank Lawrence from Hantsport, Nova Scotia and Mrs. R. E. Davis from Burlington, Ontario, who left Wednesday to return home.

Mrs. Charles Shield of Prince George whose daughter Catherine is attending school in Vernon has been spending the past few days in Kelowna and Vernon.

Spending the past weekend at the Parkview Motel was Mr. Clem Cafarelli, who spent the past summer at Revelstoke and has now left on a trip to South America.

Friends of Mr. and Mrs. LeRoy Kuhn will be interested to hear that word has been received by Mr. Kuhn's parents, Mr. and Mrs. Fred Kuhn, Hollywood Road, that they arrived safely in Addis Ababa, Ethiopia.

Mr. Kuhn writes that in company with Dr. Saunders he started out from Addis Ababa in a Jeep to drive to the Adventist

mission, who was master of ceremony, proposed the toast to the bride which was ably answered by the groom. Mr. Lionel Deleurne proposed the lay of Vancouver, Mr. and Mrs. R. Sibilleau of Vernon, telegrams of congratulations Mr. and Mrs. A. Sibilleau of Vernon received from the bride's Sicamous, Mr. and Mrs. L. brother, Mr. Lorne Gauley and Sibilleau of Vernon and Mr. family in the Yukon and from Mrs. A. Guigueno of Vancouver. The bride's uncle Mr. Eldon Gauley and family in Saskatchewan, Mr. and Mrs. Deleurne will reside in Rutland.

Mr. Romeo Sibilleau of Vernon, who was master of ceremony, proposed the toast to the bride which was ably answered by the groom. Mr. Lionel Deleurne proposed the lay of Vancouver, Mr. and Mrs. R. ## SWINGING PARTNERS

By M. J. I.

Successful Party Nites were hosted in Kelowna and Penticton last Saturday. The Kelowna Wagon Wheelers hosted their monthly Party Nite in the Centennial Hall with Joe Card of Enderby calling the dance.

A large crowd of dancers gathered from Enderby to Penticton to enjoy their favorite hobby. Guest callers on the program were John Bogart of Enderby, Scotty Hitchman of Winfield, Ev and Ches Larson, and George Fyall, all of Kelowna with Glenn Ashcroft and Percy Coulter from Penticton.

The Peach City Promenaders hosted their monthly Party Nite in the Masonic Hall in Penticton with Elsie Barritt of Penticton as MC. A delicious buffet supper was provided by the hosts.

We have just one Party Nite notice for this Saturday. All square dancers are invited to Westbank this Saturday, Nov. 11 to attend the Party Nite in the Community Hall hosted by the

### HEAR THE WORD OF GOD!

"These have one mind and shall give their power and strength unto the Beast."

Exponented by R. D. Brinsmead, Australian Writer — Speaker — Farmer Subject: "THE COMMON MARKET AND THE VATICAN" Time and Place: Sat. and Sun., 7:30 p.m., Nov. 11 and 12, at Kelowna Aquatic Hall.

Mr. Brinsmead has recently completed a speaking itinerary across the United States. He is here, not by invitation of any church organization, but by a local citizens group. We believe our fellow citizens of the Okanagan will welcome this rare opportunity to meet and hear in person our guest from Australia who will discuss the stupendous world crisis, Canada's crisis, your crisis in thrilling fashion in the light of God's Word.

"Alas, alas that great city Babylon, that mighty city! for in one hour is thy judgment come. And the merchants of the earth shall weep and mourn over her; for no man buyeth their merchandise any more. . . . The merchants of these things which were made rich by her, shall stand afar off for fear of her torment, weeping and wailing, and saying, Alas, alas that great city that was clothed in fine linen, and purple, and scarlet, and decked with gold, and precious stones and pearls! For in one hour so great riches is come to nought."

Revelation 17:13, 18:10, 19: 15-17

# Mayor Becker's Memories Are A Matter Of Pride

VERNON (Staff) — Mayor Frank Frederick Becker has been called a lot of things since he took office six years ago in December.

He's been called a cringing mayor, pig-headed, short-sighted and long-winded.

But what no one would dare call him, since it just wouldn't be true, is insincere or lacking in color.

Probably in the years to come he will be best remembered for these qualities.

Certainly he can look back with pride on the progress which has been made by the city in his years in office.

But mostly he will recall that the years 1955-61 were the years when Vernon became best known to the rest of B.C., Canada, and the United States for that matter.

These were his years of office and he had a hand in it. Perhaps his biggest single accomplishment however, was his community service work before he assumed the mayoralty.

His efforts on behalf of amateur hockey, in the Vernon Fish and Game Association, and his tireless efforts on behalf of Vernon Jubilee Hospital. He headed the Building Committee for the badly-needed original hospital building.

"I have been a public servant since I was 16," says the mayor. This is literally true.

And he's a hard worker, so hard that he nearly lost the sight of one eye (the other has been sightless since the 1930s) during his day-and-night efforts to produce a brief on electrical power rates to the Shrum Commission in early 1959.

The 12-page brief, probably Mayor Becker's proudest accomplishment, he says was instrumental in forestalling a 12 per cent B.C. Hydro power rate increase.

**ROYAL VISITS**  
In his years in office a \$450,000 sewage by-law has been passed, and royalty has visited the city twice: Queen Elizabeth and Prince Philip in 1959, and Princess Margaret in 1958, the centennial year.

In the last six years John Diefenbaker has visited Vernon three times, twice as Prime Minister, and Liberal leader Lester Pearson has visited it once.

Other distinguished visitors have included former Lt. Gov. Ross and present Lt. Gov. George Pearke, VC.

Now Mayor Becker, at 50, is retiring. "I'm just a little tired," he says after a most hectic year which has seen Vernon, for the second time, host a Union of B.C. Municipalities convention, the biggest ever.

Sitting back in his big chair at City Hall, the scene of his most trying . . . and most exultant moments, the mayor talked about the past, present and future.

"The proposed airport . . . I see it definitely coming. The climate for a new airport is much more favorable now than it ever has been."

**COLUMBIA URGED**  
Columbia versus Peace power . . . "Everything possible should be done to effect an agreement with Ottawa on the Columbia Plan. I am not criticizing Mr. Bennett. I do not know the full details of the Peace Plan and why the province is proposing to go ahead with it first."

"But everyone in the central interior should press for development of the Columbia."

"The potential of Rogers Pass tourist traffic . . . 'People on the prairies can't wait for it to open. We have three lakes in this vicinity, our biggest single tourist attraction."

"Everything possible should be done to develop them as recreation areas and to increase our tourist accommodation."

"We should also continue to press for provincial parks development in this area such as the Otter Bay project."

"Vernon Jubilee Hospital . . . 'With 10 specialists and the hospital renovations on tap there is no reason why Vernon could not be the medical centre of the interior."

**Remanded On Theft Charge**  
VERNON (Staff) — Neil Moffatt, of Schumacher, Ont., was remanded eight days for sentence in police court Tuesday on a charge of petty theft.

Moffatt was found guilty of theft Monday of an article from a local store.

Edward Wildeman, of no fixed address, was fined \$150 or three months in jail for common assault of Geo. Hurmuses in the National Cafe on Monday.

freight rates, hydro-electric power development, improvements in the lot of the municipality, or encouragement of amateur hockey."

"Interior communities must and should work together," he said.

Beyond this it is clear that Mayor Becker will be around for a long time as Frank Becker, company co-owner, staunch advocate of sports, supporter of worthwhile community activities, and generally, good citizen.

As Ald. Franklyn Valair said before council, "You're a whale of a lot of man."

And who will argue with him?

**Oyama Guild Plan Bazaar For Dec. 7**

OYAMA (Correspondent) — The regular meeting of the Afternoon Guild to St. Mary's Anglican Church was held at the home of Mrs. V. Ellison.

In the chair for the meeting was vice-president Mrs. V. Ellison. There were five members present and one guest, Mrs. D. Ley from the Evening Guild.

After opening prayers and roll call the minutes and financial report were read.

It was decided that an afternoon tea and sale of home-cooking and needlework should be held Dec. 7 in the Oyama Community Hall.

Plans were made for the tea and various stalls were planned. At the close of the meeting tea was served by the hostess. Next meeting will be held on Dec. 14, at the home of Mrs. A. W. Gray.

**Visitors In Oyama Area**

OYAMA (Correspondent) — Weekend visitors at the home of Mrs. Phill Davidson were her daughter and husband, Mr. and Mrs. Michael Stewart from Vancouver.

Mr. and Mrs. James Graham have returned from a holiday in Vancouver.

Mrs. Florence Eyles has been a patient in the Kelowna General Hospital.

**Impaired Driver Fined \$200, Costs**

VERNON (Staff) — A \$200 fine and costs and a one-month suspension of his driving privileges was given Henry William Giese, R.R. 3, Vernon in police court Tuesday for impaired driving.

Giese was driver of a car which was involved in an accident Oct. 4 in the 2300 block Pleasant Valley Road.

**WARRANT KENNEDY . . . Blasts Subdivisions**

VERNON (Staff) — Cities ject to political and other pressures are running a serious risk, says Warrant Kennedy, executive director of the Architectural Institute of B.C.

He told the Vernon Women's Canadian Club Wednesday that lack of skilled municipal planning has led to "miles and miles of subdivisions spilled like a cancer" across Canada.

Town planning commissions, such as in Vernon, are not the answer he said, since they are made up of people who often know nothing about the art of efficient planning and are sub-

lowns which is architecturally desirable.

"Let's be frank," he said. "They've ended up like a dog's breakfast."

He said poor choice of color schemes has been another factor contributing to poor appearance. He said house-painters and interior decorators have been partly responsible.

"Never trust a house painter to choose your colors. They'll butcher the design with paint every time."

He said Canadians were prone to hold such things as charm and beauty as "sissy" in favor of what he termed the eager beaver, insensitive approach.

What is needed in municipal planning? "An artist-planner making use of every god-given feature for the surroundings."

He said both municipal planners and architects owed it to the impressionable children of today to create attractive homes and surroundings.

Mr. Kennedy, speaking with a broad Lowland Scots accent, also attacked the approaches to Canadian cities where ugly billboards and other advertising was erected.

"Why are people allowed to deface Canadian cities so," he asked. "What's more, cities are asked to put a civic stamp of approval on them." He said referring to a large sign in Vancouver which was "unveiled" by a city council representative.

**POINTS OF VIEW**  
Mr. Kennedy on:  
● Neon signs — "I'm not against them if they're used properly."  
● On TV programs — "Many of them paint the big town as the naked city. There's a great deal in living in big cities as well as living in the country."  
● Proposed Vernon shopping mall — "You should try it."  
● Vernon military camp at the south entrance to the city — "If it's not necessary you should speak with someone to get rid of it."  
● Shopping centres in Vancouver — "They're 200 per cent overbuilt."  
● The word "suburbia" — "It's been debased."

WARRANT KENNEDY . . . Blasts Subdivisions

## Firemen Honored

VERNON (Staff) — Nine long service buttons and medallions have been presented to Vernon firemen during a social evening in the National Hotel.

Twenty-year silver and gold medallions were given William H. Bryce, Charles O. Goldsmith and Norman Redman.

Ten-year gold buttons were given David Weed, Walker MacNeil and Ian Foord, and five-year silver buttons to Malcolm Bell, Donald Glen and Richard McCluskey.

Presentations were made by Vernon Chamber of Commerce president Peter Seaton.

Friends and city council members were in attendance.

**RCMP SEEKING TIRE THIEVES**

OYAMA (Correspondent) — RCMP of the Vernon detachment are investigating the theft of two automobile tires from a local resident recently.

Miscreants broke into the locked garage of Bertram Pothecary where they removed the spare tire from his car, then proceeded to jack up the vehicle in order to remove one of the rear tires, which also disappeared along with the bumper jack.

**B.C. BRIEFS**

**CRUSHER ACCIDENT**  
VANCOUVER (CP) — A 67-year-old man Wednesday walked unaided down 30 steps to an ambulance after he lost his right arm in a rock crusher accident. James H. Campbell is in good condition in hospital.

**DIRECT LIFELINE**  
VICTORIA (CP) — Ships, aircraft and persons in distress on the British Columbia coast will have a direct lifeline to the RCAF's rescue and co-ordination centre in Vancouver by December. A person needing aid need only phone one of the marine radio stations at Bull Harbor, Alert Bay, Prince Rupert, Victoria, Sandspit, Cape Lazo, Tofino or Vancouver and his message will be transferred directly to the rescue centre in Vancouver. Previously marine radio stations had to relay messages, from one to another until reaching Vancouver.

Clark Saby informed council the official census count for Spallumcheen Municipality is 2,089 as compared with the 1956 census of 1,937.

Councillor Gordon Sidney, chairman of the board of works, reported the sale of rock-crushing equipment to the city of Kamloops for the sum of \$6,000. The action of the committee was ratified by council.

An application for the purchase of 28 acres of municipal property in the Knob Hill district prompted instructions to the special committee to list all municipal lands, and to set a selling price on such lands.

It was noted that the Seymour residence in the Grandview Flats district has been vacated for the winter, and the clerk was instructed to notify the insurance company of such vacancy. This is municipal property occupied by Mrs. M. Seymour, who has moved to Vernon for the winter months.

**FACILITIES LACKING**  
A letter from the Armstrong and Spallumcheen Chamber of Commerce informed council that at the general meeting of the chamber, a discussion took place on the lack of recreational facilities available to the young people of Armstrong and the Municipality of Spallumcheen—particularly in the winter months.

While members of the chamber were aware of the expense necessary, not only to put ice in the Hansen Hall, but also for the upkeep and the operation, they believe the two councils should find some means whereby skating facilities could be provided this winter.

The members were sure that even though the expense may appear excessive considering that this seasonal sport is so doubtful in this area, such a project would have the unanimous support of all organizations in the city and district.

A similar letter was received from the secretary of Coronation Lodge No. 48, IOOF, requesting that the council give all possible aid toward skating facilities for the recreational welfare of local children this winter. Coronation Lodge is prepared to contribute \$50 toward the project.

Action on the two letters was tabled for a special meeting to be held on Nov. 17. Council did, however, express the hope

that other organizations in the area will give financial support to the project as well.

**OVMA MEETING**  
Councillors Gordon Sidney, Gerald K. Landon and Rawleight Boss, along with Clerk Walter E. Saby, were delegates to the meeting of the Okanagan Valley Municipal Association being held in Oliver on Nov. 18.

A letter from Armstrong requested the council to send representatives to a general meeting to be held on Nov. 20 for the purpose of discussing ways and means of preparing a float representing the Armstrong - Spallumcheen district, to be entered in the Vernon Winter Carnival Parade, and other parades in the Valley.

Three representatives from Spallumcheen Council will attend the meeting.

The council has agreed to go in with the City of Armstrong on a joint hearing project for the fire hall—that is the old city hall and the new building being constructed by the municipality, which are to be operated jointly by the two councils.

The council will participate in the Royal Canadian Legion Act.

## CANADIAN CLUB

# Sub-Divisions A Cancer In Canada Says Expert

VERNON (Staff) — Cities ject to political and other pressures are running a serious risk, says Warrant Kennedy, executive director of the Architectural Institute of B.C.

He told the Vernon Women's Canadian Club Wednesday that lack of skilled municipal planning has led to "miles and miles of subdivisions spilled like a cancer" across Canada.

Town planning commissions, such as in Vernon, are not the answer he said, since they are made up of people who often know nothing about the art of efficient planning and are sub-

lowns which is architecturally desirable.

"Let's be frank," he said. "They've ended up like a dog's breakfast."

He said poor choice of color schemes has been another factor contributing to poor appearance. He said house-painters and interior decorators have been partly responsible.

"Never trust a house painter to choose your colors. They'll butcher the design with paint every time."

He said Canadians were prone to hold such things as charm and beauty as "sissy" in favor of what he termed the eager beaver, insensitive approach.

What is needed in municipal planning? "An artist-planner making use of every god-given feature for the surroundings."

He said both municipal planners and architects owed it to the impressionable children of today to create attractive homes and surroundings.

Mr. Kennedy, speaking with a broad Lowland Scots accent, also attacked the approaches to Canadian cities where ugly billboards and other advertising was erected.

"Why are people allowed to deface Canadian cities so," he asked. "What's more, cities are asked to put a civic stamp of approval on them." He said referring to a large sign in Vancouver which was "unveiled" by a city council representative.

**POINTS OF VIEW**  
Mr. Kennedy on:  
● Neon signs — "I'm not against them if they're used properly."  
● On TV programs — "Many of them paint the big town as the naked city. There's a great deal in living in big cities as well as living in the country."  
● Proposed Vernon shopping mall — "You should try it."  
● Vernon military camp at the south entrance to the city — "If it's not necessary you should speak with someone to get rid of it."  
● Shopping centres in Vancouver — "They're 200 per cent overbuilt."  
● The word "suburbia" — "It's been debased."

**ARMSTRONG (Correspondent)** — Spallumcheen Municipal Council, has received a bid to purchase 480 acres of land in the Larkin district.

Council accepted the bid of \$4,800 from George and Delmar Relswig for the parcels, acquired by Spallumcheen some 10 years ago through tax sale proceedings. The clerk was instructed to proceed with the transfer of title.

Clark Saby informed council the official census count for Spallumcheen Municipality is 2,089 as compared with the 1956 census of 1,937.

Councillor Gordon Sidney, chairman of the board of works, reported the sale of rock-crushing equipment to the city of Kamloops for the sum of \$6,000. The action of the committee was ratified by council.

An application for the purchase of 28 acres of municipal property in the Knob Hill district prompted instructions to the special committee to list all municipal lands, and to set a selling price on such lands.

It was noted that the Seymour residence in the Grandview Flats district has been vacated for the winter, and the clerk was instructed to notify the insurance company of such vacancy. This is municipal property occupied by Mrs. M. Seymour, who has moved to Vernon for the winter months.

**FACILITIES LACKING**

# REMEMBRANCE DAY

NOVEMBER 11th

*Plan Now to Attend the Special*

## REMEMBRANCE DAY PROGRAMME

Saturday, November 11th, at the Cenotaph, City Park

POPPY DAY

### Buy a Poppy — Wear it Proudly!

### The Poppy is an Emblem of Sacrifice and Service

### SUPPORT THE POPPY CAMPAIGN

*Remember the Dead...by Helping the Living*

Poppies will be Sold by

**ARMY CADETS — NAVY CADETS — WOMEN'S AUXILIARY  
LEGION MEMBERS**

**on all Main Streets in Downtown Kelowna  
FRIDAY, NOVEMBER 10 — 5 p.m. to 9 p.m.**

#### A MESSAGE from the PRESIDENT Royal Canadian Legion Branch 26

Saturday, November 11th is Remembrance Day. May I urge all members of the Royal Canadian Legion and veterans of both World Wars to set an example of reverence for the War Dead by wearing the memorial flower throughout the day.

The Flander's Poppy is your Badge of Remembrance. Passage of the years has not dimmed our memory of those comrades of ours who served by our sides and gave their lives for Canada. Let us then show that we remember them and honour their sacrifice by wearing proudly our memorial emblem on Poppy Day. In this observance, War Veterans and Legion Members should set the example for all citizens. Most people wear on their lapel an emblem which proclaims their membership in one organization or another. Through it they make known to their fellow men their associations, their beliefs and their principles.

Let us then for a few days proudly wear the Badge of Remembrance, thereby reassuring our fellow Canadians of our reverence for the memory of those who died, of our belief in the principles for which they fought, and of our association in willing service with those whose sworn duty is the care of those who are left behind.

Wear your Poppy with pride — help us help those less fortunate than ourselves.

J. D. BEWS.

#### Remembrance Day Programme

Saturday, November 11th, at the Cenotaph, City Park, Kelowna

##### ORDER OF MARCH:

R.C.M.P. Car  
Canadian Legion Pipe Band  
Colour Party with Guard  
Branch No. 26 Canadian Legion  
Ladies' Auxiliary, Branch No. 26, Canadian Legion  
"B" Squadron B.C.D.'s  
Royal Canadian Sea Cadets "Grenville"  
B.P.O.E. Elks  
Others

##### PARADE ROUTE:

Leaves Legion Hall at 10:30 a.m.  
North on Ellis Street to Bernard Ave. West  
on Bernard Ave. to Lawrence Ave. entrance  
to City Park thence to Cenotaph.

During the Silence and Sounding of Last Post  
civilian hats will be removed: Berets and Service  
headgear will be worn.

##### NOTE TO THOSE ON PARADE:

Please wear berets and medals!  
We urge you to wear coats also!

##### SERVICE:

O CANADA (everybody sing — see  
programme) KHS Band  
HYMN (see programme) ..... KHS Band  
PRAYERS — Legion Chaplain  
HYMN (see programme) ..... KHS Band  
"LAST POST" — Bugler

11:00 A.M.

2 Minutes Silence

"REVEILLE" — Bugler

##### LAYING OF WREATHS

1. President Branch 26 Royal Canadian Legion.
2. President — Ladies' Auxiliary
3. O.C. "B" Squadron B.C.D.'s
4. O.C. R.C.S. Cadets "Grenville"
5. O.C. "B" Squadron RCA Cadets
6. Boy Scouts
7. Girl Guides
8. I.O.D.E. Dr. Knox Chapter
9. I.O.D.E. Mary Ellen Boyce Chapter
10. City of Kelowna
11. Others.

BENEDICTION — Legion Chaplain  
GOD SAVE THE QUEEN

##### Parade Route to Kelowna and District Memorial Arena:

Leave City Park at Leon Ave., turn north on  
Abbott St., up Bernard Ave. to Water Street,  
turn north on Water St. to Doyle Ave., thence  
East on Doyle to Ellis St.

##### ARENA SERVICE

Rededication — Legion Chaplain

Laying of wreaths by:

President Branch 26, Royal Canadian Legion  
Chairman — Kelowna and District Memorial  
Arena Commission.

##### LAMENT — PIPER

March back to Canadian Legion south on Ellis  
Street.  
Navy and Army Cadets turn east on Leon Ave.  
proceed to Armouries.  
Canadian Legion and B.C.D.'s halt in front of  
and face Legion Building.

##### BREAK-OFF

RUTLAND CEREMONY — 2:00 P.M.

Everybody Welcome.  
Parade from Rutland High School to Cenotaph.

### TONY BACK AT WORK

Earl of Snowdon, husband of Princess Margaret, returns to work at the Design Centre, after a few days off to be with the princess after the birth of her baby son.

The earl, formerly Antony Armstrong-Jones, works as unpaid adviser at the centre.

## Sharp Drop In Moisture Reported Across Prairies

OTTAWA (CP)—Prairie moisture reserves are substantially less than a year ago and good spring and summer rains will be needed to ensure a 1962 crop, a federal survey shows.

"The situation is not good at all. Prospects for a crop are not nearly so good now as they were last year at this time," Dr. P. O. Ripley said Tuesday. He is director of soils research for the agriculture department.

The survey includes meteorological data from federal and other sources plus tests by Prairie experimental stations where was traced between summer rains and the abundance of the harvest.

Good winter snowfall would help, although a lot of the snow water is lost by evaporation and the spring runoff, he said.

There was no discernible rhythm to a drought cycle. It might go three years or 10 years in a series.

"While Westerners are optimistic by nature, it wouldn't be surprising after a number of good years if we did get a series of droughts," he said in an interview.

## 144 Women Needed In BC To Man Fallout Centres

VANCOUVER (CP)—The reporting posts on Vancouver Island, the Lower Mainland and women—single or married but without children—to man nuclear fallout report centres in the Kamloops, Nelson, Prince George and Nanaimo areas and the Okanagan Valley.

The female militia members will be enlisted as part of the Canadian Women's Army Corps to man filter centres responsible for receiving reports from more than 100 fallout reporting posts in B.C., and forwarding the information to the provincial warning centre at Nanaimo.

The Nanaimo centre, the army said, will control fallout of federal buildings.

## WORLD NEWS

### RECOVER BODIES

BELGRADE (Reuters)—Rescuers recovered the bodies of four of nine miners trapped by fire today in a mine at Murska Sobota in northern Yugoslavia.

### PROTEST TESTS

NEW YORK (AP)—More than 1,000 women, many wheeling baby carriages, demonstrated outside the United Nations Wednesday, demanding world disarmament and an end to nuclear testing.

### LUNCH COSTS LIFE

LOS ANGELES (AP)—A lunch box cost Michael Cuevas his life. The 40-year-old employee of a printing plant ran back for it Wednesday when fire swept the building. Firemen found him suffocated in a storage room when they extinguished the blaze.

### INVENTOR DIES AT 89

PALM BEACH, Fla. (AP)—Harold D. Weed, 89, inventor of the first auto tire chain in 1903, died Wednesday. He was the founder of the Weed Tire Chain Company of Bridgeport, Conn.

### 900-POUND MAN DIES

PRATTVILLE, Ala. (AP)—Martin Levy, a former carnival performer weighing about 900 pounds, died Wednesday at his trailer-park home. He was 56.

### FACE TAX SUITS

LOS ANGELES (AP)—Singer Sammy Davis and actor Guy Madison are facing federal suits for back income taxes. The internal revenue service filed tax liens Wednesday against Davis for \$82,238 and Madison for \$3,197, based on 1960 incomes.

### WOMAN DIES AT 100

FAIRVIEW, Utah (AP)—Mrs. Celestia Terry Peterson, whose husband died a month before they would have observed their 82nd wedding anniversary last year, died Wednesday. She was 100 years old. Her husband, Peter, also was 100 when he died. The Petersons were believed to have been the longest wed couple in the United States. They were married Dec. 11, 1878 at St. George, Utah.

## Ex-Suffragette Leader Dies In Gas Filled Room

HASTINGS, England (AP)—Mary Richardson, 81, one of the leaders of the British suffragette movement that fought for women's votes, was found dead in a gas-filled room at her home Tuesday.

She was best known for slashing Velasquez' masterpiece, the Rokeby Venus, with an axe in the National Gallery in 1914. The painting carries the marks of the attack to this day. She once explained:

"I tried to destroy the picture of the most beautiful woman in mythological history because the government was destroying Mrs. Pankhurst—the most beautiful character in modern history."

Mrs. Emmeline Pankhurst was a prominent and indefatigable worker for woman's suffrage in Britain.

Mrs. Richardson once jumped on the running-board of King George V's carriage to present him with a petition. She fired a country house, set off a bomb at a railway station, smashed London store windows, all to get votes for women. She was arrested nine times between July, 1913 and June, 1914.

Police believed she may have collapsed while lighting the gas stove in her bed-sitting-room or may have forgotten to set a match to the gas.

## How To Make Baby Gorilla Feel At Home In Quebec

GRANBY, Que. (CP)—How do you go about making a baby gorilla feel at home several thousand miles away from its native African jungles?

How—with a \$4,000 investment in the baby, at stake—do you try to make sure the 24-pound weakling will grow into a mature, 400-pound monster?

Those are the problems that faced Gilles Charbonneau, director of the Granby Zoo, when the zoo decided to add a gorilla to its attractions.

Getting a gorilla is a fairly simple job for a reputable zoo with the money to spend, but raising it to maturity is another matter.

A gorilla, for all its bulk and strength, is one of the most difficult animals to raise in captivity.

It can, as Mr. Charbonneau put it, get sick at nothing or

if it feels lonesome, just sit in a corner, moping and refusing to eat, until it dies.

### FOUND FOSTER HOME

To overcome these problems when the 1½-year-old male gorilla arrived here at the end of July, Mr. Charbonneau looked around for a foster parent who could give the baby the constant attention and affection it needs while adjusting to its new life.

He settled on Mrs. Huguette Charron, a young, pleasant farm wife who lives 1½ miles from the zoo.

Mrs. Charron's approach to the job of keeping the gorilla alive and happy—a problem that has been too much for many a professional animal keeper—is simple.

She treats it as much like a human baby as possible.

A regular schedule of eating, sleeping and playing has been worked out and the baby is thriving on it, gaining about two pounds a month—exactly what a young gorilla should.

Occasionally, Mrs. Charron admits, the gorilla gets a bit rambunctious and when he's mad he bites. But a slap is enough to make it mind its manners again.

The daily schedule starts at 7 a.m. when the gorilla wakes up. It sleeps in a cage, partly to get it used to bars and partly to prevent wandering off and getting lost at night.

### REGULAR NAPS

Breakfast, like all meals, consists of plenty of greens, fruits, milk and concentrated vitamins.

During the morning the gorilla plays in the house—it's furnished with kitchen utensils—before being put down for a nap about 11 a.m. After awakening for lunch, the baby and Mrs. Charron play together outside or, if the weather is bad, in the house again.

During winter, of course, the gorilla will be kept indoors all the time.

After the afternoon play time comes supper, a bath and a rubdown with lanolin oil—both of which the gorilla hates—and more sleep.

The gorilla has become affectionate since moving to the farm, running to Mrs. Charron whenever she calls.

"He is such a good baby," Mrs. Charron says. "I will be sorry to lose him. But I'm sure he will remember me."

Mrs. Charron, who is expecting a baby or her own, will lose her guest next spring when it is moved to the zoo, where officials hope to have a new monkey house built to house it as guest of honor.

The zoo is arranging a contest to pick a name for the gorilla.

## U.S. Gambling Rings 'Grave Ont. Problem

TORONTO (CP)—The Star says a report expected to be delivered to Attorney-General Kelso Roberts this week will state that United States gambling syndicates present a "grave problem" to Ontario.

Desmond Morton of Osgoode Hall Law School, for the last four months investigating crime conditions in the province at the attorney-general's request, declined to comment on his findings other than to admit his report is nearly finished and contains "about 100 typewritten pages."

RCMP Commissioner C. W. Harrison, in a luncheon address Monday, said U.S. gambling syndicates are moving into Canada and urged vigorous action to head them off before they become established.

### WOULD USE BOMB

ST. PETERSBURG (AP)—Senator George A. Smathers says he thinks the United States should not rule out the possibility of striking the first blow if a nuclear war seems imminent. Both President Kennedy and former president Eisenhower have said the United States would not start a nuclear war. The Florida Democrat noted Monday night in a speech. "I don't agree that this is the right theory at all," said Smathers.

### JEWISH SCHOLAR

Nathan Sokolow, Polish-born Jewish scholar who died in 1930, was president of the World Jewish Organization from 1931

They say ZEE is soft—baby-skin soft. And ZEE is so pretty—white, yellow, aqua and pink pretty. They like the way ZEE tears off easily, evenly. Yet it's strong, too. How can all this be in ZEE? It's the quality. Nicer quality. You can afford ZEE. Everybody can. It costs very little. So why be satisfied with just any tissue when you can have ZEE?

single rolls | twin packs

another quality paper product of Crown Zellerbach Canada Limited

ZEE makes table napkins, paper towels, waxed paper, paper bags, too... the finest!

## COMETS NOT RAIDERS

### Will Meet Kelowna Cubs In Exhibition Saturday

Editor's Note: We've been calling the Comets "Raiders" on advice, but this story from the Comets in New Westminster set us right.

Comet coach Dan Doyle feels that a genuine rivalry will stem from this meeting. Nel-

son's team has a fixed schedule as both play exhibition games. The Comets will travel south of the border to tangle with American teams while Kelowna is still building an exhibition schedule.

Kelowna has had only one encounter with valley competition. They fell 2-1 to the Chilliwack Mustangs last weekend.

Saturday's game will be the responsibility of assistant coach Bill Melville. Melville is the man in charge of changes in the offense from game to game.

For this encounter, the Comets will have to change from American rules to a combination of Canadian and American rules for Kelowna's benefit. The belly sticks, of which Melville is an exponent, is the most effective when unlimited blocking is legalized. Melville plans to use the flanker system which is run by Don Melien, a junior quarterback with a strong arm.

Cece Ballard, who normally runs the first string will sit back in this one unless Melien and the flanker system do not produce.

### Agase Checks Sun Slant For Big Game

TORONTO (CP)—Coach Lou Agase is flying his Toronto Argonauts to Ottawa tonight because he wants to get a line on the sun at Lansdowne Park.

The angle of its declining rays could be a big factor in Saturday's sudden-death Eastern Football Conference semi-final with the Rough Riders.

It's a new problem this year, the first that the league has decided to stick with the regular season 2 p.m. starting time throughout the playoffs instead of kicking off an hour earlier.

Last Saturday, as the Riders were leaving Toronto 45-23 to clinch second place, both teams lost good passing gains when receivers were blinded by the sun. Toronto quarterback Tobin Rote remarked that "you've got to call your game by where the sun is, not where the ball is."

Agase wants to get in a practice at the park Friday afternoon, the same time of day, as the semi-final will be played. He gives his team a chance to size up the angles.

### Attendance Declines

TORONTO (CP)—Total professional football attendance in Eastern Canada declined this year for the first time in three years.

Unofficial figures show total attendance at 28 Eastern Football Conference games this season—including 10 East-West interlocking games played in the east—was 612,633, a drop of 16,378 from 1960 when there were no interlocking games.

The figures are based on announcements by football clubs on the day of the game.

Hamilton was the only club to improve on 1960. The first-place Tiger-Cats, who last year had a disastrous season, pulled in 165,387 for seven 1961 home games—an increase of nearly 30,000.

Montreal Alouettes, in the league cellar this year, plunged 30,936 to 129,016.

Toronto Argonauts drew 186,018—the league's greatest total—a drop of 12,822 from the previous year.

Ottawa Rough Riders, despite their 1960 Grey Cup victory and the addition of almost 5,000 new and improved seats, drew 132,212—a drop of 1,447.

Western Football Conference figures were not available, but the unofficial estimate shows a decline there also.

Average attendance at 1961 EFC games was 21,880; 1960 average was 22,646.

#### NHL STARS

Don McKenney, Boston, whose goal with only 18 seconds left in the game gave the Bruins a 4-4 tie with New York Rangers.

#### WEDNESDAY FIGHTS

Union City, N.J.—Frank Salie, 147, Cleveland outpointed Ricky Curtis, 144, New York, 8. Manila—Marcel Juban, 113½, Philippines, outpointed Singkong Por Tor, 115, Thailand, 10.

## Gamble Shuts Out Frisco Seals 3-0

Netminder Bruce Gamble, who had given Western Hockey League shutouts with Vancouver in 1958, came up with his first this season Wednesday night when Portland Buckaroos

downed San Francisco Seals 3-0. Gamble, 23, was with the National Hockey League Boston Bruins last season—drafted by Boston from New York Rangers for \$20,000.

In another Wednesday night NHL tilt, Edmonton Flyers downed Seattle Totems 2-1 before 3,059 fans.

No games are scheduled tonight. Seattle goes to Edmonton Friday and Portland to Vancouver.

Gamble stopped 23 shots as his team scored once in each period before 1,169 fans at Portland. Seals goaltender Bev Bentley stopped 23.

Tommy McVie opened for Bucks with a low, stabbing shot from the right of goal. Des Moroney added the second and Dal-

ton added the third wrapped it up for Bucks.

HAS 10-2 RECORD Portland, last year's champions, now has a season record of 10-2 and lead the Southern Division standings, seven points ahead of Spokane, Los Angeles and San Francisco, the league's newest entries follow, tied with six points each.

Ed Joyal and Chuck Holmes were the Flyers goal-getters. Don Chiupka added the lone Seattle counter.

Edmonton, heading the Northern League standings, led 1-0 in the first period and Seattle made it 1-1 in the second.

Outstanding during the contest was rookie goalie Jim McLeod of Totems who made 36 stops.

Chiupka's goal consolidated his hold on second place in the point-getting race. With 10 goals and 11 assists so far, he is only two points behind the league leader, Totems centre Rudy Fil-

Totems are second in the Northern Division followed by Calgary and Vancouver.

Chupka's goal consolidated his hold on second place in the point-getting race. With 10 goals and 11 assists so far, he is only two points behind the league leader, Totems centre Rudy Fil-

## SIXTH SEASONAL GOAL TIES GAME 4-4

# McKenney Is Dependable Does What Needs Doing

Don McKenney is one fellow who figures prominently in Boston Bruins rebuilding plans — a so-called untouchable.

He is probably not the most colorful player around, but one that gets the job done and that's what counts.

His sixth goal of the current National Hockey League season Wednesday night brought the Bruins a 4-4 tie with the Rangers at New York, preventing the Blueshirts from taking over sole possession of first place in the league standings.

McKenney, a smooth centre who knows how to pace himself, got the goal with only 18 seconds left in the game. It came on a 20-foot shot through a maze of players and it barely caught the right hand corner of the net.

But while McKenney was the hero, there were other outstanding individual performances in the game.

DRAW 3 ASSISTS Doug Mohs, a nine-year veteran with the Bruins, was in on all four of his team's goals. He scored once and drew three assists.

Bob Beckett, called up from the Providence Reds of the American Hockey League only two weeks ago, scored Boston's other two goals — his third and fourth in five games.

For the Rangers, Andy Bathgate scored once and picked up two assists.

Bathgate, whose three points equalled his output for six previous games and put him back atop the NHL scoring race, almost was the hero.

His goal, on a 50-foot shot at 15:52 of the third period, gave the Rangers a 4-3 lead. This was the only time Rangers led during the game. They trailed 2-0 after the first period and 3-1 after the second.

Ken Shinkel, Camille Henry and Dean Prentice produced New York's other goals.

The game did put the Rangers into a first-place tie with Montreal Canadiens. Each team now has 18 points, but the Habs have four games in hand.

RAISES GOAL TOTAL Bathgate's three points raised his season total to 21 — one more than Montreal's Claude Provost. The goal was his 199th of his career, leaving him only one short of a charm circle attained by only 32 other players in NHL history.

Rookie goater Don Head baffled the Rangers for two periods, smothering, blocking and deflecting many tough shots. During the game, he made 33 saves.

### MONEY-MAKING GOLF PROS IN BEAUMONT INVITATIONAL

BEAUMONT, Tex. (AP)—Doug Sanders, Jay Hebert and Fred Hawkins were among the favorites today as a field of 124, including 10 amateurs, moved out in the \$20,000 Beaumont invitational golf tournament.

In Beaumont's first tournament along the Professional

Golfers Association trail in 20 years, the winner will bag \$2,800 and if it's Sanders, he can start moving up on the top money-winners of golf.

Gary Player leads with \$65,540.45 and Arnold Palmer is second with \$57,732.92. Those two are not playing in the tournament here.

### Bathgate Top Scorer Again Adds Single, Two Assists

By THE CANADIAN PRESS

Andy Bathgate of New York regained the National Hockey League's individual scoring leadership Wednesday night with one goal and two assists in the Rangers' 4-4 tie with Boston Bruins.

Bathgate now has six goals and a league-leading 15 assists for 21 points—one more than Claude Provost of Montreal Canadiens, who has a league-leading 10 goals and 10 assists.

Boston's Don McKenney scored one goal and moved into a three-way tie with Eddie Litzenberger of Detroit Red Wings and Bernie (Boom Boom) Geoffrion of Montreal for third place with 16 points.

Henri Richard of Montreal is alone in sixth place with 15 points while Boston's Doug Mohs and Johnny Bucyk share seventh position with 14 points.

The leaders:

G A Pts.  
Bathgate, New York 6 15 21  
Provost, Montreal 5 10 20  
Litzenberger, Detroit 7 9 16  
Geoffrion, Montreal 6 10 16  
McKenney, Boston 6 10 16  
Richard, Montreal 7 8 15  
Mohs, Boston 6 8 14  
Bucyk, Boston 4 10 14

Standings: Montreal, won 7, lost 2, tied 2, points 18; New York, won 6, lost 5, tied 4, points 16.

Points: Bathgate, New York, 21.

Goals: Provost, Montreal, 10.

Assists: Bathgate, 15.

Shutouts: Hall, Chicago; Head, Boston; Sawchuk, Detroit, 1.

Penalties: Fontinato, Montreal, 36 minutes.

### PARNELL RIDES FOUR WINNERS

TORONTO (CP)—Jimmy Parnell, 19-year-old apprentice jockey from Toronto, rode four winners on Wednesday's racing program at Old Woodbine. Parnell will end his apprenticeship Friday.

His victories included an exciting ride on Cyprian Cat, which won the featured Talbot Purse. Fair Juro, which set a world record of 1:14.3-5 for 6½ furlongs in a recent race at New Woodbine, was third after setting a killing early pace. Die Hard was second.

TOP BREEDS The beagle and poodle lead in total of registrations of 114 species of purebred dogs registered with the Canadian Kennel Club.

### Estevan Bruins Down Red Wings

WEYBURN, Sask. (CP)—Estevan Bruins received the better performance in a goal-tenders' dual Wednesday night as they scored a 3-1 Saskatchewan Junior Hockey League win over Weyburn Red Wings before 1,600 fans.

Estevan increased their first-place margin in the eight-team league to five points with the victory. Weyburn, with only two wins in 12 starts this season, stayed in last place.

The goalies, Jack Norris of Estevan and Joe Daley of Weyburn, turned in spectacular saves on numerous occasions to hold the score to low figures.

In all, Daley stopped 26 drives and Norris 25.

The first goal went to Weyburn after a little more than 28 minutes of play. Jerry Rafter did the honors.

NICKLAUS GOES PRO

Amateur Golfers Happy Pros Not So Delirious

COLUMBUS, Ohio (AP)—Amateur golfers have given a sigh of relief, but the professionals are casting a wary eye at a newcomer to their ranks—Jack Nicklaus.

The Ohio State University senior, who has won just about every amateur title around, including the national amateur in 1959 and 1961, announced Wednesday he is becoming a professional.

"I just decided I wanted to play golf," the stocky blonde said. "And I owe it to my family to give them the best possible living I can."

Nicklaus, 21, who started swinging golf clubs when he was 10, plans to drop out of school at the end of the autumn quarter—in mid-December.

STARTS NEXT YEAR "I hope to start my professional career in the Bing Crosby Invitational at Pebble Beach (Jan. 18-21)," Nicklaus said. "I finished my amateur career on that course and I'd like to start my professional one there."

The finish was his triumph in the U.S. amateur.

Nicklaus, who became the father of Jack II six weeks ago, says he plans to return to Ohio State for the fall quarter each year until he gets his degree in business administration.

As for his golf future, the youngster said he only plans to join the winter pro tour and "I'll see what happens."

Baseball Great Files Bankruptcy

CLEVELAND (AP)—Jimmy Fox, 54, one of baseball's former great sluggers who at one time in his career made \$54,000 a year, has filed a voluntary petition in bankruptcy.

Fox, one of four men ever to hit 58 home runs in a season—in 1932 while with Philadelphia Athletics—said his debts were \$4,280. He listed his assets as clothing and household goods.

Fox is a \$4,000-a-year contract man for the Bureau of Unemployment Compensation.

BOOM-BOOM UNDERSTANDS MARIS' FEELINGS

When Driving For Mark

BOOM BOOM Geoffrion knows the 154-game limit set by Baseball Commissioner Ford Frick. Maris fell one short with 59 homers in 154 games and finished with 61 for the 162-game schedule.

That will go in the baseball record books with an asterisk in front of it. There's no asterisk in front of Boom Boom's record.

Geoffrion doesn't agree with Frick. "Every time that guy (Maris) went into a slump I felt bad," Geoffrion told Olan. "I know what it was. I tell you another thing. That guy, he beat Ruth's record. What does it matter if he play more games? It's the whole season that counts."

"Even with me they say last year that the Rocket gets 50 finally got the 50th, it was like

### Whitey Ford Major League Best Chucker

BOSTON (AP)—Whitey Ford of New York Yankees, the first American League pitcher in a dozen years to win 25 games, was chosen Wednesday as winner of the 1961 Cy Young award for the major leagues' outstanding pitcher.

Ford received nine votes from a committee of the Baseball Writers Association of America. His season record was 25-4.

Warren Spahn of Milwaukee Braves, who brought his lifetime victories to 303 last season, received six votes in second place. Spahn was 1937 winner.

Detroit's Frank Lary was third with two votes. Lary had 23 wins and nine losses for the Tigers.

One writer failed to vote from the 18 major league cities. Ford, a left-hander, wound up a banner year by breaking Babe Ruth's record of 29-23 scoreless innings in world series play.

"Even with me they say last year that the Rocket gets 50 finally got the 50th, it was like

a tremendous load was lifted off my back. It was tough I can tell you, but I'd go through it again."

Geoffrion got his 50th with two games remaining in the schedule and during a torrid late-season drive after missing six games because of injuries. He trailed Toronto Maple Leafs' Frank Mahovlich through most of the schedule but caught up to him late and ended the campaign two up on the Leaf winger.

On his return to the game after his injury he scored 23 goals in 20 games while in the same period Mahovlich went into a slump with only seven goals. And Boom Boom got his 50th against Leafs.

WORLD BRIEFS

LARRY BRANNON

**BUILDS SHELTER**  
MUSKEGON, Mich. (AP)—Members of 50 families in Laketon Township north of Muskegon are building a huge privately owned fallout shelter. The shelter will accommodate 200 persons—members of families who are paying for it.

**MELCHIOR HAS TESTS**  
HOLLYWOOD (AP)—Lauritz Melchior, former opera tenor, is undergoing tests for a stomach disorder which caused him to cut short a hunting trip in South Dakota. His wife, Maria, said the 51-year-old singer-actor "probably ate something bad—or maybe just ate too much."

**LEAVES \$3,500,000**  
SANTA MONICA, Calif. (AP)—The will of film pioneer Joseph M. Schenck disposes of an estate valued at more than \$3,500,000. Income from the estate was bequeathed to Schenck's brother, Nicholas. The will was filed for probate Tuesday. Relatives, friends and household employees received bequests ranging from \$2,600 to \$10,000. Schenck died Oct. 22 at 83. He had no children.

**BABY SUFFOCATES**  
ALTOONA, Pa. (AP)—A bottle nipple caused the death of a three-week old Altoona girl Tuesday. Frances Shaner died after her two-year-old brother placed the nipple in her mouth and she suffocated after swallowing it, police reported.

**MURPHY GETS MEDAL**  
LOS ANGELES (AP)—Actor Audie L. Murphy, whose 24

prior decorations included the Congressional Medal of Honor, now has the Civilian Service Medal as well. The army's highest civilian honor was bestowed Tuesday night for Murphy's contribution to an army film concerned with the missile program.

**PM TO VISIT NFL**  
CORNER BROOK, Nfld. (CP)—Prime Minister Diefenbaker will visit here Nov. 24 to attend a conference of the Atlantic provinces Progressive Conservative Young Peoples' Association, it was announced Tuesday.

**RECLUSE FOUND DEAD**  
SAN ANTONIO, Tex. (AP)—George G. Bowman, author and song writer who lived in seclusion and apparent poverty was found dead in his one-story house Tuesday. A deposit book of the estate was found in the room, indicating he was worth about \$40,000, but the 92-year-old blind man had no food other than two boxes of cereal in his shabby quarters. Police found \$457 in his clothing.

**RAPISTS GET LIFE**  
LITTLE ROCK, Ark. (AP)—Three Negro teenagers have been convicted of raping a 16-year-old white girl and the jury set punishment at life in prison. The jury, which included two Negro men, deliberated 5½ hours Tuesday before returning a guilty verdict against Raleigh Williams, 17; Troy Alexander, 18; and Marvin Aron Hammond, 16. The state had asked the death penalty.

Opening lead — three of hearts.

One trait that distinguishes the expert dummy player from the ordinary one is that he does not relax his vigil in the so-called easy hands. He always worries about the terrible things that might happen to him if the defenders' cards are badly divided.

Here is a hand where it would be easy for declarer to go wrong. A heart is led and South wins it with the king and leads a low spade. West plays low and dummy's jack wins, East showing out.

That is the end of the hand

so far as South is concerned because he must lose two trump tricks and go down one. He can attribute the result to bad luck if he wants to, but the fact is that he himself is responsible for the defeat.

The point is that South can see from the word go that the slam is sure to make if he loses only one trump trick. His tricks in the other three suits are solid. The only way he can lose two trump tricks is if the adverse spades are divided 4-0.

This division of the spades ordinarily occurs in only one deal out of ten, but there is no reason for South not to cater to this possibility. He should do everything he can to protect the contract.

He says to himself at trick one: "What can possibly beat me?" Since a 4-0 trump break is the outstanding danger, he does what he can to protect against it. He wins the heart in dummy and leads a low spade to the king.

When East shows out, it becomes a relatively simple matter for declarer to hold himself to one trump loser. West's 10-9-4 can be picked up by subsequent finesses.

It is true that the low spade play to the king will not succeed if East has the four trumps, but nothing can help declarer if this is the case. Leading the first spade from dummy provides protection against everything that can be protected against.

YOUR HOROSCOPE

FOR TOMORROW

On this day, the planetary influences generously govern travel, indulgence in hobbies and all activities involving the welfare of the community. Personal relationships should also be unusually congenial.

FOR THE BIRTHDAY

If tomorrow is your birthday, a considerable improvement in your prospects is indicated as of early December. There is promise of financial gain, as well as a job advancement within the next seven months and, since November is your month, you should take advantage of every possible opportunity to make use of and operate with the propitious influences indicated. The

months between June and September should find you having an exceptionally gay time, with many social affairs scheduled; also opportunities for travel. Decisions which you may be called upon to make, in March, can be of tremendous importance, so take your time in making them. Do nothing impulsively—especially in financial matters—and analyze all situations carefully before making up your mind which course to pursue. This should not be difficult for a native of Scorpio, since you are traditionally noted for good judgment and foresight.

A child born on this day will be determined in the pursuit of goals, optimistic and an extremely loyal friend.

LEARN SECOND LANGUAGE AT AGE FOUR

Children at age four start to learn a second language at this Taskent, Soviet, school. In the picture are children of seven different ethnic origins. Picture was taken in conjunction with a recent tour of Russia USSR by Eugene Wyatt, editor of the Nashville Tennessean.

## Ontario's 'Era Of Frost' Ends After 12 Good Years

TORONTO (CP) — Ontario's development of the St. Lawrence Seaway power project, brought in fluoridation of public water supplies on a local basis, and drafted a study bill for establishment of a portable pension scheme across Canada.

The man who guided the province's development through 12 of its most prosperous years was scheduled to preside over his last cabinet meeting hand over the premier's office to John P. Robarts, and become simply Leslie M. Frost, 66, private member of the legislature for Victoria.

Speculation now has had him becoming a senator, ambassador to the United States, chief organizer of Canada's 1967 centennial celebrations, a representative to the United Nations and high commissioner in the United Kingdom.

But the Lindsay lawyer, never known to make hasty pronouncements, remained true to form by refusing to comment on his plans.

Mr. Frost, who quit as Ontario Progressive Conservative leader this summer, has not suffered an electoral defeat since entering the legislature in 1957. He led his party to thumping majorities in 1955 and 1958 despite scandals involving highway contracts and natural gas pipeline stock deals by members of his cabinet.

In 1961, in his first election as party leader, the Conservatives took 79 of 90 seats; in 1955 they won 84 and in 1959 they won 71 out of 98 seats.

### WAS FATHER IMAGE?

One political school feels his attraction was a magnetic father image — a folksy yet dignified platform manner, a friendly way of calling everyone "my friends" and seeming to encompass them with wide sweeps of his arms.

During the "Frost era," Ontario established a hospital insurance plan, increased education and municipal grants, created a department of transport which brought in a demerit points system for drivers, enacted a human rights code to stop discrimination in employment and housing, began major road programs that built highways 40 and 401, pressed for

## Okanagan Falls Man Wins Again

CALGARY (CP) — Kenny McLennan of Okanagan Falls, B.C., has won his third straight Canadian saddle bronc riding championship.

McLennan, 23, recently named rookie of the year by the Rodeo Cowboys Association of America, accumulated 3,625 points, 1,004 more than runner-up Marty Wood of Bowness, Alta. George Myren of Viking, Alta., pulled ahead of Malcolm Jones of Lehigh for the Canadian bareback bronc riding title. Leo Brown of Czar, Alta., won his second consecutive brama bull riding title and, Bud Van Cleave of Taber, Alta., was Canada's top calf roping.

All-around Canadian champion is Dick Havens of Madeline, Alta., president of the Calgary Protective Association.

TORONTO (AP) — Mrs. Douglas Dillon, 80, wife of former Treasury Secretary Douglas Dillon, died Wednesday at her home in Far Hills, N.J., after a lengthy illness. Her husband formerly headed the New York investment banking firm of Dillon, Read, and Company.

## Sir Roy Blisters Nkrumah

LONDON (AP) — Sir Roy Welensky, prime minister of the Central African Federation, made a blistering attack on President Kwame Nkrumah's Ghanaian regime Wednesday — on the eve of Queen Elizabeth's visit here.

Among his listeners was Prime Minister Macmillan, who had just visited the Queen personally and advised her to go ahead with her controversial tour of the west African republic.

Welensky charged that African nationalism is evil and said Communist influence is spreading through the Middle East and North Africa.

"In Ghana all but the trappings of democracy have disappeared," he told the British Institute of Directors in a speech. "There is a move and a rapid one toward Marxism. And Ghana, too, is the warden and the paymaster of African nationalists."

### CALLS IT TRAGEDY

"I believe that historians will list among the tragedies of this age that a movement which has swept a continent, has awakened the consciousness of millions of backward people and has enlisted the aid of thousands more abroad, and which had the potential of great good, turned evil so soon and began to feed upon its followers."

Welensky said the African movement has "made a mockery of liberty and has enslaved thousands upon thousands of its own people in dictatorships and in the thrall of poverty and chaos."

He said it "pays lip service to non-violence, but never hesitates to use the methods of the murderer."

"It claims no racial barriers yet by its very definition it is based on the color of the skin," Welensky said. "Metropolitan powers, after years of service to their colonial peoples, have decided to get out rather than risk the odium of a colonial label, in which they dare not admit there has ever been any good."

## Call For Self-Discipline By Labor, Management

EDMONTON (CP) — Finance Minister Fleming urged improvements in productivity, self-discipline and co-operation so as not to dissipate new opportunities for Canadian production that have opened up at home and abroad.

Measures taken in the June 20 federal budget have begun to bear fruit and these developments have been encouraging, he said in a speech to the Edmonton Chamber of Commerce.

The downward adjustment in the value of the Canadian dollar and other budget measures had opened up new opportunities for the economy.

"However," Mr. Fleming warned, "recent history is full of examples where such opportunities have been prematurely dissipated by wage and price increases."

## Soviet's Breaking Of Bond 'Weakens World Moral Code'

TORONTO (CP) — The breaking of bonds, such as Russia's exploding its latest series of bombs, has contributed to a general weakening of the moral code, the Earl of Feversham said today.

The earl, in Toronto to open the 33rd annual Royal Agricultural Winter Fair Thursday, spoke of juvenile delinquency and agriculture at a press conference today.

He has been president of the National Association of Probation Officers in Britain for 32 years.

Aggression by national leaders and the breaking of bonds is bound to have an effect on the minds of everyone, he said.

Violence from war activity coupled with money in their pockets and a feeling that they were intellectually more superior than their parents contributed to post-war delinquency.

The owner of 50,000 acres at Holmes in Yorkshire, the earl said he shares the apprehension of farmers both in Canada and Britain at the prospect of further competition if Britain joins the European Common Market. He would not say whether he favors membership.

feeted by monetary policies "but this does not mean that attempts should be made artificially to force interest rates down by irresponsible increases in the money supply."

### WOULD BE UNSOUND

This would be unsound and, sooner or later, self-defeating.

However, in current circumstances, "judicious use of monetary tools to encourage the use of credit contributes to the economic and financial welfare of the nation."

"It is of the utmost importance that the monetary and fiscal authorities work together to ensure a proper blend of policies."

"This can only be achieved by constant liaison and discussion between the government of the Bank of Canada and the minister of finance."

Mr. Fleming did not mention James E. Coyne, who resigned as governor last summer in the face of a government bill to fire him after the minister said Mr. Coyne's policies were incompatible with those of the government.

Mr. Coyne was succeeded by Louis Rasminsky. "I am happy to say," Mr. Fleming said today, "that over the last three months a very and most harmonious working relationship has been established between Mr. Rasminsky and himself."

### REINFORCED DECLINE

He said action taken in the June budget in the field of debt management and monetary policy has had the effect of reinforcing the decline in the spreads between Canadian and foreign interest rates.
